“One reason for the high percentage of successful Christian workers produced by this school is that we are not so large that the individual gets lost in the crowd. Students are individuals, not a number, and each one is able to have individual help so that they may grow, not only in intellect but in spirit.”

Discovering

Discerning

Developing

Deciding

The words above describe the *journey* you will enjoy at Trinity College of Florida! You will *discover amazing truth* in God's Word and *the life* He has given you. His truth will transform your character and activities. You will be able *to discern and make decisions* that will honor Him and generate abundant satisfaction and fulfillment for you. In addition, the relationships you establish in and outside the classroom at Trinity will be a blessing to you for the rest of your life! Your *personal development* will be seen intellectually, socially, emotionally, and most of all, spiritually. You will become the person God intended you to be! You will discover God's mission for your life! What an amazing journey ... **Discovering ... Discerning ... Developing ... making Decisions** in life that will be the best!

Continuing in the passion for higher Biblical education for more than 83 years as a college, we treasure the Word of God as the Book for guidance and fulfillment in this life. Our founder, Dr. W. T. Watson, possessed a strong passion to provide an educational experience that would transform the student into a servant leader for Kingdom ministry! This pursuit continues today with the educational excellence of our faculty to the sacrificial commitment of the staff.

Remember the challenge God gave Jeremiah:

*Call to Me, and I will answer you, and show you
great and mighty things, which you do not know.*

Experience this *reality* in the classroom, on campus, and in service for the Lord! The discovery of the "great and mighty things" awaits you! *Come and join the adventure* of becoming a transformational servant of the Most High, commissioned to *influence* and *impact* the 21st century for the glory and honor of the Lord Jesus Christ!

General Information

DOCTRINAL STATEMENT

We believe the Scriptures of the Old and New Testament are verbally inspired by God, inerrant in the original writings, and that they are the supreme and final authority in faith and life.

We believe in one God, eternally existing in three persons, Father, Son and Holy Spirit.

We believe that Jesus Christ was conceived by the Holy Spirit and born of the Virgin Mary and is true God and true man.

We believe that man was created in the image of God, but that he sinned and thereby incurred not only physical death, but also spiritual death which is separation from God.

We believe that the Lord Jesus died for our sins according to the Scriptures as a representative and substitutionary sacrifice, and that all who believe in Him are justified on the ground of His shed blood, and adopted into God's family as His beloved children.

We believe in the present ministry of the Holy Spirit by whose indwelling the Christian is enabled to live a godly life and by whom the Church is empowered to carry out Christ's great commission.

We believe in the resurrection of the crucified body of our Lord, in His ascension into heaven, and His present life there for us, as High Priest and Advocate.

We believe in "that blessed hope," the personal, pre-millennial and imminent return of our Lord and Savior Jesus Christ.

We believe in the bodily resurrection of the just and the unjust, the everlasting bliss of the saved and the everlasting conscious suffering of the lost.

Trinity College believes and teaches the essential doctrines of the Christian faith that are commonly held to be the historic, Biblical, conservative, and evangelical position. The doctrinal statement above is applied within the academic and spiritual understanding of the interdenominational character of our student body and faculty.

HISTORY

Dr. William T. Watson, a tent preacher from North Carolina and pastor of a large Christian and Missionary Alliance church in St. Petersburg, felt the Lord leading him to establish a Bible college for the training of Christian workers. Following God's call, he founded Florida Bible Institute in 1932, changing the name to Trinity College in 1947. Little did he realize when he started the College that a young man, Billy Graham, who would enroll in 1937 and graduate in 1940, was destined to become one of the great evangelists in the history of the church.

Though Dr. Graham is the College's most famous graduate, he is but one of many in the past years who have gone on from the College to serve the Lord all over the world and in many different roles. Originally

focused on training pastors and missionaries, the College has expanded its course offerings over the years to include worship ministry, youth ministry, counseling, elementary education, psychology, general studies, and business organizational leadership. In 1999 the College also added an evening degree completion program for adults enabling those with families and careers to benefit from a Trinity education.

An important characteristic of the College has always been its distinctly evangelical but interdenominational nature. At Trinity students from a wide variety of church backgrounds have the opportunity to study God's Word and be equipped to serve Him in an atmosphere of respect. In a world where interdenominational cooperation among evangelicals is becoming increasingly vital, Trinity

College of Florida believes this type of education best serves its students as they prepare to live and serve more effectively.

A major milestone in the life of the College was achieved in 1996 when Trinity was accredited by the Association for Biblical Higher Education. Accreditation demonstrates an institution's commitment to educational quality in general and to the Biblical and theological as well as Christian Service requirements unique to Bible colleges.

At this point in its history, the College is experiencing record enrollment, record giving, and record revenue. The physical size of the College was doubled with a donation of land in 2003, and an ambitious 20-year expansion plan has been adopted and is being initiated. At this important point in its development, Trinity looks with pride on its past and with enthusiasm at its future as we continue the tradition of equipping men and women to serve our Lord.

THE COLLEGE MISSION

The mission of Trinity College of Florida is to equip men and women for transformational vocations for the church and all humanity through effective programs of Biblical, Professional, and General Education leading to skill development and a lifelong passion for Christian discipleship.

The goals for achieving this mission are:

1. Spiritual - To orient, motivate, and lead students to Christian maturity and spiritual depth.
2. Academic - To engage students with opportunities to integrate Biblical faith and learning.
3. Intellectual - To develop in students the ability for critical analysis and to motivate in them a desire for continuing intellectual pursuits.
4. Professional – To produce graduates competent in the area of their professional training.
5. Social – To cultivate a culture that redefines how we learn, love, and live in a way that honors God, impacting our community for generations to come

Trinity College believes that the Bible should be at the heart and core of all training, and that it is the standard for evaluating all claims to knowledge. The Bible, as the inspired Word of God, is instrumental in thoroughly

equipping God's servants for ministry. This philosophy is reflected in the wide range of Bible and theology courses offered. The College believes that the Bible is the only framework within which a consistent, effective, and productive world view, lifestyle, and life of service to God and humanity can be maintained.

STANDARDS

Trinity College is a private, Christian educational institution which has sought to create and encourage the kind of atmosphere in which quality Christian education can flourish. It is believed that the College should provide the student with precept and example from which a student can develop personal values within a Biblical framework.

In accordance with the objectives of the College, certain standards and norms have been adopted to create just such an atmosphere for the best possible educational experience.

The College expects its faculty, staff, and students to maintain personal conduct which is spiritually and morally constructive—thus glorifying the Lord in all things.

The student should understand that attendance at Trinity College is a privilege granted only to those who desire to work together in carrying out and attaining the aims of a Christian college.

When a student is accepted, an agreement is implied to be diligent in studies and employment and to obey the *Student Handbook* regulations. The administration reserves the right to withdraw who is considered to be out of harmony with the spirit of the College. It is expected that the conduct of each student will give evidence of Christian standards of honesty, morality, and courtesy.

The policy of the College in promoting spiritual growth

and the pursuit of learning is best summed up in these words: *Be diligent to present yourself approved to God as a workman who does not need to be ashamed, accurately handling the word of truth. (2 Timothy 2:15, NASB)*

Although the Trustees and Administration of Trinity College of Florida in no way guarantee employment to any of its graduates, they believe that the application of Biblical principles in the lives of faculty and the students will result in personal love and commitment to Christ, wholesome consideration for others, and a well-disciplined life.

STUDENT BODY

Geographical Distribution

Thirteen states and two foreign countries were represented on campus in the Fall 2015-16 semester with 87% of students coming from Florida.

Church Affiliation

Trinity College is an interdenominational evangelical Bible college, and in the last academic year more than 18 denominations or independent churches were represented or attended by students on campus. The represented denominations and churches included:

Assemblies of God	Evangelical Free
Baptist	Lutheran
Baptist, Independent	Methodist
Baptist, Southern	Methodist, Free
Brethren	Methodist, United
Christian & Missionary Alliance	Missionary Baptist
Church of Christ	Nondenominational
Church of God	Pentecostal
Episcopal	Presbyterian
	Reformed

Campus

The campus of Trinity College is located in Trinity, just north of Tampa and near the Gulf of Mexico coast. It is in the heart of a rapidly expanding new area of Pasco County, the Trinity Communities, which contains its own medical facility, YMCA, and other facilities. It is convenient to several shopping areas, and its location provides easy access to many of Florida's tourist areas and Gulf fishing and boating.

Library

The Director of Library Services is available for reference/research assistance for both students and faculty. The library catalog can be searched online through MyTitus. This is accessible from the Trinity College of Florida website or the library website directly. Electronic resources such as academic databases and

e-books are available for all students. These can also be accessed from the Raymond H. Center library website <http://library.trinitycollege.edu>. The library has resources in both print and electronic to meet the needs of 21st century students. In print, the library holds roughly 36,000 volumes and access to over 25 print academic journals. For electronic resources, the library offers multiple databases for academic journals through two

of the best known companies EBSCOhost and Proquest. For any resources that the library may not have currently, students can receive access to these books and journals through interlibrary loan. Search OCLC's worldwide library catalog through worldcat.org to find available resources that may help with research. These items can be requested from the Librarian and typically delivered within a week or two. The Raymond H. Center library is also a part of the Tampa Bay Library Consortium, Christian Library Consortium and Independent Colleges and Universities of Florida library group. This extends its resources available to students exponentially.

Residence Hall

The Ruth Munce Hall serves as the main residence hall for the campus. The upper story of the building is restricted to women students, and the lower level provides housing for men.

W.T. Watson Administration Building

The W.T. Watson Administration Building currently houses the student lounge, state of the art kitchen, dining room, administrative offices, faculty offices, and classrooms, along with the central maintenance facility..

DISCLAIMER

The catalog, together with the enrollment agreement, constitutes a binding contract with the student. Students will be informed of all changes made to the catalog.

Admissions Director & Marketing Coordinator

ADMISSION POLICIES AND PROCEDURES

The procedures outlined below apply to all prospective students requesting acceptance to the College's traditional, undergraduate, academic program. Applicants seeking admission to the TrinityQuest degree completion program should refer to the catalog section regarding TrinityQuest for detailed program information and specific admissions procedures.

Equal Opportunity Policy

Trinity College of Florida admits qualified students who are personally committed to Jesus Christ. Students are admitted without regard to race, color, handicap, sex, age, or national or ethnic origin. Individuals are afforded all rights, privileges, programs, and activities generally accorded or made available to students at the College. Trinity College of Florida does not discriminate in the administration of its educational policies, admissions policies, scholarship programs, athletic programs, or other school-administered programs.

Spiritual Requirements

Applicants to Trinity College of Florida:

1. Must profess faith in Jesus Christ as Lord and Savior,

2. Must demonstrate consistent Christian character,
3. Must be engaged in regular church attendance.

Academic Preparation

Trinity College of Florida recommends that applicants take a broad range of college preparatory classes at the secondary school level including:

1. Four units in English (including grammar and composition),
2. Four units in math,
3. Four units in science,
4. Four units in social sciences, history, and/or humanities, and
5. Two units in a foreign language.

Academic Recommendations

The preferred incoming student's grade point average is a 2.2 (4-point scale).

Students should take either the ACT or SAT college entrance exam. The ACT/SAT score is a valued element in the process of evaluating students seeking acceptance to Trinity College of Florida. Students electing to take the ACT should strive to achieve a composite score of 18. Students electing to take the SAT should strive to achieve a score of 980. See the Transfer Students subsection for specific academic recommendations for applicants.

NOTE: Students with a troubled academic past who can demonstrate a commitment to higher education study are encouraged to apply even if they do not meet the academic recommendations outlined in this section. Mitigating circumstances may allow for the Admissions Committee to grant an applicant probationary acceptance status.

Admission Process

To apply for admission to Trinity College of Florida, applicants should do the following:

1. Application

Submit the application for admission.

2. Essay

The essay should be one-page typed (no more than three pages). In essay format, please answer the following questions:

- 1) How and when did you come to know Jesus Christ as your Lord and Savior?
- 2) How do you think a person obtains eternal life?
- 3) How have you grown in your relationship with Jesus Christ?
- 4) Why do you want to attend Trinity College of Florida?

Since all students at Trinity College are expected to maintain the highest standards of integrity we require that your essay be your own work. Essays can be submitted through the online application or can be submitted to admissions@trinitycollege.edu.

3. References

Applicants must submit a church reference and personal reference.

- The church reference must be completed by a pastor or leader at your church (non-relative).
- The personal reference should be completed by a non-relative (i.e. teacher, mentor, Guidance Counselor, co-worker etc).

4. Transcripts

Applicants can submit the application fee by check (made payable to Trinity College of Florida) or payment can be made online.

For more information regarding the ACT visit: www.act.org. For more information regarding the SAT visit www.collegeboard.com.

Acceptance Status of New Students

Once a prospective student's application is complete, the Admissions Committee will render a decision regarding admission to Trinity College of Florida. Any one of the following types of acceptance status may be granted to an applicant:

1. *Full acceptance* indicates an applicant has submitted all required materials, including official transcripts, official SAT and/or ACT scores (for first-time students), references, and they have met all admissions standards. Fully accepted students are eligible to enroll in classes at the College for their starting semester.
2. *Probationary acceptance* indicates an applicant has submitted all materials, including official transcripts, official SAT or ACT scores (for first-time students) and references but does not meet all admission standards. The applicant receiving probationary acceptance has demonstrated by supporting documentation their potential to succeed in college and, therefore, is eligible to enroll up to, but not to exceed, 13 credit hours of classes for their starting semester and are subject to academic mentoring. Applicants granted probationary acceptance must earn a 2.0 or higher GPA during their first semester of study. Students who do not earn a 2.0 or higher GPA during their first semester will be placed on final academic probation during their second semester. Students earning a 2.0 or higher during their first semester of study will be removed from academic probation during their second semester.
3. *Non-degree seeking acceptance* indicates an

applicant has been accepted and is eligible to enroll in courses for audit or to earn academic credit for certificate programs, transient study, or high school dual enrollment for their starting semester. Non-degree seeking students pursuing transient study or high school dual enrollment study may enroll up to, but not exceed, nine credit hours per semester to earn academic credit.

If an accepted student chooses not to enroll, his/her acceptance status will remain in effect for 3 consecutive semesters before they are required to re-apply. Trinity College of Florida does not guarantee acceptance to any prospective student.

NOTE: High school dual enrollment students may be fully accepted upon graduation provided that they have met all necessary requirements of the College and have maintained satisfactory academic achievement.

Denial

Denial indicates that a student has not met the requirements for acceptance into the College. Once an application is denied, that decision stands for one year (two semesters). If the prospective student wishes to apply again, he/she can do so for the start term that is one year (three semesters) from the start date for which he/she was originally denied.

Re-Admission after Withdrawal or Leave

1. Students who have not attended classes for a period of one semester may re-enroll by contacting the Registrar's Office.
2. Students who have not attended classes for a period of two semesters must submit a new application to the Admissions Office.
3. Any student who has been suspended from the College must submit a "Letter of Request for Admission" to the appropriate dean prior to requesting application materials from the Admissions Office.

In all cases, the College reserves the right to require a new application, references and/or additional documentation prior to re-admission.

Transfer Students

Transfer students must submit official sealed transcripts from all previously attended colleges and/or universities in addition to the general application procedures outlined in this section. NOTE: High school transcripts do not need to be submitted if an applicant's college transcript

indicates a successful completion of an associate's degree. The preferred transfer student's grade point average is 2.2 (4-point scale).

NOTE: Students with a troubled academic past who can demonstrate a commitment to higher education study are encouraged to apply even if they do not meet the academic recommendations outlined in this section. Mitigating circumstances may allow for the Admissions Committee to grant an applicant probationary acceptance status.

Dual Enrollment Students

High school juniors and seniors are preferred for non-degree seeking acceptance status at Trinity College of Florida. Prospective dual enrollment students may be required to interview with the Chair of the Admissions Committee. Maturity and Christian character are weighed heavily in the College's decision to admit dual enrollment students. Accepted dual enrollment students are eligible for an initial 50% tuition discount. Later, if the dual enrollment student enrolls as a full-time, degree-seeking student, they will be credited with the amount equal to the discounted tuition granted to them when they were classified as a non-degree seeking, dual enrollment student.

In all cases, Trinity College of Florida reserves the right to require additional documentation prior to admission.

Home Schooled Students

Home schooled applicants should follow the general application procedures outlined in this section. The transcript options available to home schooled students are:

1. An umbrella high school transcript, or
2. A parent-issued high school transcript.

NOTE: The essential elements of a parent-issued transcript should include, but are not limited to:

1. All courses taken in ninth through twelfth grade (listed by year and semester)
2. Final course letter grades
3. Final GPA (based on a 4-point scale)
4. Graduation date
5. The teaching parent's official signature and date

Please contact the Admissions Office with questions regarding parent-issued transcripts.

International Students

International students should request a copy of the

"International Student Information" packet. This packet details the process for application, lists the approximate cost of attendance and contains all forms required for admission.

In addition to the general requirements, international students whose primary language is not English must submit a score of 500 or above on the paper-based Test of English as a Foreign Language Examination (TOEFL) or 173 or above on the computer-based TOEFL.

If a decision to grant admission is rendered, the prospective student will be pre-registered and an I-20 Form will be issued.

Tuition & Residency Deposits

Upon notification of acceptance, students are required to submit a tuition and residency deposit (if applicable).

The College requires a non-transferable, non-refundable tuition deposit (\$50.00). This deposit allows the College to officially register students for classes, issue their student identification number, and set up their College e-mail account. This process occurs based on the order in which the College receives the deposit. Therefore, students should submit the tuition deposit promptly after receiving notification of acceptance.

Resident students are required to submit a residency deposit (\$150.00). Room assignments are made based on the order the College receives the residency deposit. Therefore, it is imperative for students to submit this deposit promptly after receiving notification of acceptance. Please note the residency deposit is refundable at the end of a student's campus residency as long as there are no associated residency charges or damages.

Student Life

*Albert R. Depoutot, Jr., M.A.
Vice President for
Student Development*

Trinity College offers education designed to equip men and women for Christian service in a number of occupations. This sort of equipping demands growth and development in every facet of life and recognizes that true Christian maturity goes beyond academic achievement to include one's lifestyle. At Trinity, therefore, we are committed to complementing classroom instruction with Biblical values and lifestyles.

Trinity College provides many opportunities for Christian fellowship and for the enrichment of Christian personality through a balanced program of social events throughout the year. The social program is correlated through the Office of the Vice President for Student Development. These events include a series of all-school socials sponsored by the Student Government Association.

Devotionals and interpersonal relationships in the residence halls provide shared experiences leading toward maturity. All of these are a vital part of the student experience at Trinity College.

Student Handbook

Let no one look down on your youthfulness, but rather in speech, conduct, love, faith and purity, show yourself an example of those who believe. (1 Timothy 4:12, NASB)

In order to do this, clearly defined standards and guidelines are necessary. The *Trinity College Student Handbook* will be each student's source for information regarding the College's standards and guidelines. We acknowledge that it is impossible to create a community with behavioral standards with which each member totally agrees, but we believe that it is essential to specify

certain patterns that will assist the community in realizing its objectives.

It is the desire of the College that true freedom of thought and action be enjoyed by the students, but there can be no effective freedom without organization. This is particularly true of large groups of people living in close contact and interdependence.

The guidelines set forth in the *Trinity College Student Handbook* are designed to regulate the activities of the student body so that the basic rights of all are protected.

Scriptural standards which are binding on the entire Christian community have been taken into consideration in the formation of all guidelines.

It is the hope of the College that each student will have a value system based on Scriptural concepts which will be reinforced by a set of strong inner controls.

The College expects, therefore, that all students will read and carefully observe the policies in the *Student Handbook*. (A complete copy of the *Trinity College Student Handbook* can be found in the yearly student planner and on the Trinity College of Florida website).

Medical Information Forms

The American College Health Association has recommended that all college students born after December 31, 1956, be given a second dose of measles, mumps, and rubella vaccine (MMR). These vaccines must be obtained from the family physician prior to arrival on campus. Proof of these vaccinations must be submitted to the Office of Student Development.

Christian Service

The Christian Service program involves weekly participation in a specific ministry or community service activity approved by the Vice President for Student Development. This service is required for students taking nine or more credit hours at the College. Freshmen and Sophomores can minister in a variety of programs, which may or may not correspond to their chosen major. Juniors and Seniors will need to minister in an area corresponding to their chosen major. Students involved in an internship are excused from Christian Service. Students graduating from Trinity must have at least a “satisfactory” mark in Christian Service for every semester they are enrolled at the College.

Chapel

The Chapel program of Trinity College is designed to be an important part in the development of students’ spiritual lives. Chapel takes place on Wednesday and Friday mornings, and all full-time students are required to attend. Students who live off-campus (full-time or part-time), and who have a class immediately before or after Chapel are also required to attend Chapel.

Social Activities

Trinity College provides many opportunities for Christian fellowship and for the enrichment of Christian personality.

In addition to the usual associations of residence hall life, the College sponsors special events such as banquets, informal sports events, college outings and other activities in which the entire College participates. These activities provide an opportunity for students to mature in their relationships with others and their Lord. It is through this that the College seeks to develop the whole student in social, physical, mental, and emotional areas.

Student Government Association

The Student Government Association (SGA) and its activities are an important part of the educational and social program of the College and can provide valuable leadership experience. All students are encouraged to participate in this balanced program of activities. The SGA is an elected body that coordinates various cultural, social, and intramural athletic programs for the College student body. The SGA also serves as a way students can communicate needs and concerns to the College Administration.

Great Commission Missionary Fellowship

Understanding that both prayer and awareness are essential elements for all missionary ventures, the Great Commission Missionary Fellowship (GCMF) organizes various student activities involving world missions. An annual missions conference brings church leaders, missionaries, mission organizations, and others to the campus for a special time of concentrated recognition of missions as the worldwide task of the church. Trinity College works with other Bible colleges and Christian institutions in sponsoring missions conferences and cooperative projects.

Trinity’s Heart Against Trafficking

The Trinity’s Heart Against Trafficking goal is to bring awareness in the College and in the community about human trafficking locally, nationally, and around the world.

Recreational/Sporting Activities

Intramural sports are an inner school sports program designed for relaxation, socialization, and healthy physical activity. The emphasis is on participation. Students and staff are encouraged to become active through the various individual and team-sport contests. Intramural sports, which include basketball, softball, soccer, and flag football, cater to the interests of the student body.

Sports Equipment

The following equipment is available for checkout through Student Government: disc golf frisbees, footballs, volleyballs, soccer balls, orange cones, and games.

Athletics

The Athletic Department at Trinity College of Florida is dedicated to excellence both on and off the court. Practice, hard work, and commitment are key to developing successful teams which generate winning results.

Our highly motivated coaching staff believes in mastering sport fundamentals, incorporating proven strategies, and creating positive team cultures which produce great achievements. Trinity College of Florida is a member of the National Christian College Athletic Association (NCCAA) and National Invitation Tournament (NIT). Our women's volleyball and men's soccer currently participate in the NCCAA. One of our men's basketball teams participates in the NCCAA and the other in the NIT. Trinity College's women's basketball team will be added to the NCCAA for the 2016-2017 season. If you share a desire for excellence in athletics, then Trinity College of Florida invites you to become part of its athletic program.

YMCA Membership for Trinity Students

All Day Students will have membership in the James P. Gills Family YMCA. The YMCA has the latest fitness equipment, a gym, two swimming pools, and the other usual YMCA programming available to members. The YMCA is adjacent to the College campus.

Residence Halls

In everything, therefore, treat people the same way you want them to treat you, for this is the Law and the Prophets. (Matthew 7:12, NASB)

The experiences and relationships in the residence hall environment will become some of the most important of the student's educational career. These opportunities enable the student to put into practice Christian principles that are learned in the classroom setting, enabling the student to grow and minister at the same time.

As a result, all students under the age of 24 are required

to live in College-provided housing, either on or off campus (as it is available), with the exception of married

students and persons living with one or both parents. Priority will be given to freshmen and international students. Room assignments are made through the Student Development Office and room deposits should be made as early as possible.

DISCIPLINE

Philosophy of Discipline

The purpose of discipline at Trinity College is to assist in the maturity of its members and to aid the College in maintaining an atmosphere conducive to Christian growth. Discipline is designed to help students assume responsibility for themselves as mature Christians in the Trinity College community in particular and the Christian community in general. The Biblical model of confrontation taught in Matthew 18 is the primary model that College personnel seek to follow in their work with students. The requirements that may follow are intended to be developmental and redemptive rather than merely punitive.

Trinity College students are expected to conduct themselves in compliance with the *Trinity College Student Handbook* and in such a way as to adorn the high calling of the Lord Jesus Christ in their lives. Accordingly, students are expected to assume responsibility for their personal conduct, and also to accept reasonable Christian responsibility for the behavior of others.

If the conduct of a student appears to be inconsistent with these standards, the Student Disciplinary Procedure will be employed in the investigation and disposition of the matter.

The Vice President for Student Development and his staff, the Student Development Disciplinary Committee, and/or the Student Disciplinary Review Committee, may make student disciplinary decisions. All time restrictions specified in this document refer to business hours. Twenty-four hours, therefore, means within the next business day; action taken on Friday, for example, will be completed on the following Monday.

Students discovered violating the College requirements as expressed in the *Trinity College Student Handbook* should expect a response, which will assure the maintenance of College standards and the call to integrity and responsibility on the part of the offender. The administration of Trinity College of Florida reserves the right in its sole discretion to evaluate any conduct it deems detrimental to the purpose and mission of the college.

Amnesty Policy

Students who struggle with issues that go against the standards put forth in the *Trinity College Student Handbook* are encouraged to seek support and help. Examples include, but are not limited to, drugs, alcohol, pornography, sexual or inappropriate relationships, eating disorders and homosexual behavior.

The amnesty policy was adopted by Trinity College to promote students to seek help without fear of possible disciplinary consequences. This policy allows students who want to receive help and support to work through these issues and accept accountability for these behaviors without going through the normal discipline process.

Students requesting help are asked to abstain from the behavior and may be asked to sign a behavioral agreement, which would be set up on an individual basis between the student and the Dean of Students upon requesting amnesty, and/or to seek professional help. Students must request Amnesty before any disciplinary confrontation (by a faculty member, staff member, or RA) addressing the specific inappropriate behavior(s) occurs (including before notification of required drug or alcohol tests).

Students also must be honest, cooperative, compliant with amnesty requirements, and demonstrate a true desire to change. The student should also note that the behavior in violation will need to eventually change for the student to be able to remain at Trinity College. Students may contact the Office of Student Development to request Amnesty or learn more about the policy.

When students request Amnesty, they are not suspended

for behaviors they have engaged in prior to their confession. However, there are instances where a student may be required to withdraw for reasons of safety, or in order to get further help before returning as a student.

Classroom Misconduct

Ideally, college education is both voluntary and cooperative. There is a common focus on the subject at hand and a common appreciation for the privilege of learning in an exciting and challenging atmosphere. But in our society, such cooperation and appreciation is often neglected. At a minimum, the professor is charged with the responsibility of designing, creating and maintaining an atmosphere where students feel safe and free to hear the lecture and ask sincere questions without fear of reprisal, intimidation, or repeated interruptions from disruptive students. In most cases, a word of rebuke given in class, or a brief warning after class, is sufficient to correct the misbehavior. Nevertheless, disrespect or abuse directed toward any faculty member, school administrator, or staff person is prohibited and disciplinary action will follow.

In order to help ensure that minimum level of classroom decorum, the following process has been established to guide professors in taking further action to correct misconduct in the classroom.

1. If initial informal efforts fail, the professor will give, within a week of the most recent offense, a written request to the student to meet with him/her in the professor's office. In that appointment, the professor will explain what is objectionable about the behavior and what the possible consequences may be if it continues. The professor will keep a written record of the date, time, main topics, and necessary actions taken at the meeting.
 - a. If the behavior violates clear criteria in the syllabus for proper classroom behavior, (i.e., poor or improper participation in class discussion may have a negative effect on the final grade), any consequences included in the syllabus should be referred to and administered.
 - b. If the misbehavior does not violate any written criteria in the syllabus, or if the professor deems the offense serious enough to merit further action, he/she will give a clear warning about specific disciplinary action that will be taken if corrections are not made. Possible actions might include any one or combination of:
 - (1) Restricting where the student sits and/or whom he/she sits near,

- (2) Insisting on a written formal apology to the teacher and/or class,
 - (3) Dismissing the student from the class for a length of time commensurate with the offense.
2. If the student's misbehavior continues, or if he or she refuses to comply with the professor's discipline, a formal written reprimand will be sent to the student by the professor, with copies kept in the professor's file and sent to the Offices of the Registrar and Student Development. The reprimand should include the following:
 - a. A summary of the specific misbehavior(s).
 - b. A list of specific actions taken by the professor in response to the misbehavior.
 - c. The warning that unless corrections are made, a formal complaint will be made to the Academic Affairs Committee. The committee will determine the validity of the complaint and decide the action to be taken up to dismissal from the college.
 - d. If the student's misbehavior continues, a letter of complaint will be sent by the professor to the Academic Affairs Committee outlining the misbehavior and the professor's various attempts to correct the situation. Copies of the complaint will also be sent to the Office of Student Development and the student's advisor. The Academic Affairs committee will then meet within ten days to consider and act upon the petition. If the petition is granted, the student will be dismissed from the College pending hearing or appeal.
 - e. In extreme cases, the Academic Dean may suspend a student immediately. This action will be submitted to the Academic Affairs Committee within two days for ratification.

The Student Body and Discipline

Discipline is an important part of our lives, and students may face varying degrees of discipline during their time at Trinity. They may also be involved in disciplinary procedures involving other students. This is an important part of maintaining a Christian environment, and we see appropriate discipline modeled in Scripture. The following guidelines and principles are meant to assist students in leading a disciplined life and to help them properly interact with the disciplinary process.

1. Students should practice a lifestyle that clearly

demonstrates Godly principles.

2. As members of a Christian community, students must be willing to confront fellow students (when appropriate) on spiritual matters. With this responsibility comes the need for forgiveness and restoration. The following guidelines should be used in matters of spiritual conflict:
 - a. Confront the person in a manner consistent with Matthew 18:15-20.
 - b. Work to forgive the offending student (when necessary) and pray for their restoration.
 - c. Contain details and discussion of the matter to the parties involved, whether students or faculty/staff.
3. After a disciplined student has been restored and the situation resolved, the details of the process and/or situation should be handled with confidentiality and the College community should be willing to assist the disciplined student in changing any inappropriate behavior or practice.
4. Each student should examine his or her intentions and actions in relation to the disciplinary process of the College. Rebellious attitudes, arrogance, and gossip are all inappropriate but common reactions to disciplinary procedures. Students must be on guard against these things.

It is impossible for all College standards to be included in the student handbook. Therefore, the Office of Student Development reserves the right to make decisions regarding policy that may not be mentioned in this publication in accordance with the philosophy of the College. The student has the right to appeal any action of Student Development to be heard by the President's Cabinet.

Hazing

Trinity College prohibits hazing. "Hazing" means any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of Trinity College. Hazing includes, but is not limited to, any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or other forced physical activity which could adversely affect the physical health or safety of the student, and also includes any activity which would subject the student to extreme

mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or other forced activity which could adversely affect the mental health or dignity of the student.

Persons engaged in hazing are subject to the disciplinary process of Trinity College as delineated in the *Trinity College Student Handbook*.

“Drug-Free Schools and Campuses”

The Drug-Free Schools and Communities Act Amendment of 1989 (Public Law 101-226), signed by President Bush on December 12, 1989, required all institutions that receive Federal funds to implement a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The following information is in compliance with the Amendment.

Trinity College of Florida prohibits the unlawful possession, use or distribution of drugs on campus. Any student or employee found to be taking part in the unlawful possession, use, or distribution of drugs or alcohol can expect severe disciplinary action up to expulsion or termination of employment and referral for prosecution for violation of the standards of conduct.

Other disciplinary action can include loss of privileges, suspension, and completion of rehabilitation program. Each disciplinary case will consider the severity of the incident and the prior disciplinary history of the student or employee.

Upon completion of a rehabilitation program, the employee or student’s future with the College will be decided by the administration of Trinity College. Each case will be evaluated on an individual basis taking into consideration the severity of the program, the evaluation of the rehabilitation service, and the prior disciplinary history of the individual.

Trinity College of Florida will provide, upon request, a description of the health risks associated with the illicit drugs and the abuse of alcohol plus information on drug or alcohol counseling, treatment or rehabilitation or re-entry programs that are available to employees or students.

Any student engaged in these illegal activities will not be eligible for the Federal Pell Grant program.

Grievance Policy

A grievance is a complaint of an alleged unfair or discriminatory practice or decision by faculty, administration, or administrative staff. The central focus of a grievance is not a policy, but rather the actions of the one against whom the grievance is filed. A grievance must be supported by evidence that the unfavorable decision is in violation of institutional policy or practice, or that the person has been treated in a different way than other persons in similar circumstances have been treated.

Any student wishing to file a grievance may do so by the following procedure:

1. Complete a Grievance Petition available from the Dean of Students or the Academic Dean.
2. Submit the Grievance Petition requesting reconsideration of the unfavorable decision to the faculty member or administrator in question. A written response must be given to the student no later than five class days after the receipt of the Grievance Petition.
3. If the student is not satisfied after step 2, the student may submit the Grievance Petition to their respective Vice President. The respective Vice President then has five class days to respond, in writing (letter or email), in hopes of bringing resolution to the situation.
4. If the student is not satisfied after step 3 and if the Grievance Petition has not yet involved the President, the student may file the original Grievance Petition with the President. The President must respond in writing no later than five class days after receipt of the Grievance Petition. The decision of the President shall be final.
5. The aggrieved student who receives no response within five class days at any level in the grievance process may appeal to the next higher level. Those hearing the grievance at the higher level shall secure the written opinion of those who failed to respond at the lower level.

FINANCIAL OBLIGATIONS

The following is a list of costs related to your education at Trinity College:

Tuition

Tuition is billed at a rate of \$495 per credit hour for all credits up to 15. Credits 16 and above are billed at a rate of \$395 per credit hour.

Auditing

Persons auditing a course are expected to pay the audit fee in full at the time of registration.

Room and Board

All resident students participate in the Board Plan. They are responsible for paying the entire board cost even if all meals are not eaten. Board charges exclude fall and spring vacations, as meals are not served at these times. Funds received for the Board Plan will be applied to the Student ID Card.

Room Security Deposit

A security deposit is required of all resident students. If no damage occurs during the student's enrollment, the entire security deposit will be refunded once the Business Office receives clearance from the Student Development Office. Failure to properly check out of a room will result in the forfeiture of the security deposit. If damage occurs due to negligence or misuse or if professional cleaning is required at the end of residency due to negligence, the deposit will be used to offset these costs. Additionally, students will be responsible for the cost of repairs or cleaning if those costs exceed the amount of the deposit.

Required Fees

Student Services Fee: All students taking 5 or more credits are charged student fees which support student groups such as Student Government Association, Great Commission Missionary Fellowship, and other official student organizations. These fees also include full access to the adjacent James P. Gills YMCA Branch, provide for student admission to all college athletic events, annual banquet, and campus technology.

Graduation Fee: All associate's, bachelor's, and certificate graduation candidates will pay a graduation fee during their final semester. This fee is applied toward the cost of the regalia, diploma, and other graduation expenses.

Late Graduation Application Fee: A late fee will be charged to graduating students who have not submitted their Graduation Application prior to the deadline. The deadline is listed on the Trinity College website on the Academic Calendar.

Late Registration Fee: A late fee will be charged to continuing students who have not completed class registration before the registration deadline. The deadline is announced each semester at registration chapel.

Miscellaneous Costs

Students may incur fines (parking, library, etc.) that are not part of the registration process. These fines must be paid by the end of the month in which they are issued.

Printing/Copying Costs

Students are provided with \$25 worth of black/white printing at no cost to the student each semester. There is no rollover from semester to semester. Additional printing can be added to the print system for .10 per black copy on campus as long as the intended use is college related. Color printing can be provided at the Library or from the receptionist.

Textbooks

Trinity College does not operate an on-campus bookstore. The book list for each semester is posted on the College website. While the cost of books varies according to the classes taken, students should plan for estimated book costs of \$500 per semester.

Hospitalization

All costs of hospitalization and major medical needs must be met by the student. Trinity College does not assume any responsibility for serious illness or accidents on or off campus even if incurred during or as a result of recreational activities. Use of the College's facilities is at the student's own risk.

PAYMENT OPTIONS AND POLICIES

Financing a college education is a major commitment, and the process can be confusing at times. The Business

Office and the Financial Aid Office are available to assist students and their families with any questions or additional information that may need to be addressed.

A student's charges for the semester may include some or all of the charges mentioned in the previous section. Once course registration is complete, a student's bill can be generated, and the obligation to the College can be determined. At that point, the Business Office, in coordination with the Financial Aid Office, can work with a student to make the necessary financial arrangements for the semester.

Student accounts must be paid in full or students must have enrolled in the College's payment plan by 4:00 p.m. on the Friday of the first week of classes. Failure to pay the balance due in full or be enrolled in the College's payment plan by that deadline will result in a student being administratively withdrawn from classes and suspended from access to campus facilities and housing, meal plans and other college services. All accounts are to be paid in full by the end of each semester.

For student financial aid to be considered part of the payment process, all documentation must be submitted to the Financial Aid Office prior to the start of classes.

Financial arrangements may include any or all of the following elements:

Grants and Scholarships: Several State and Federal grants are available to Trinity College students, as well as internal and external scholarships. See the Financial Aid section of the catalog for more details on these programs. The Trinity College Financial Aid Application and the Free Application for Federal Student Aid (FAFSA) must be completed in order for a student to receive consideration for these funds. **These forms should be completed as soon as possible after January 1st for the following academic year.** Priority will be given to students who have completed their Financial Aid paperwork by January 1st. Links to the FAFSA online and the Trinity College Financial Aid Application are available on www.trinitycollege.edu, the College's website, under Prospective Students - Financial Aid, or Current Students - Financial Aid.

Stafford Loans: Students must complete the FAFSA to determine eligibility for the Stafford Loan. Additional paperwork is required if students choose to borrow under the Stafford program. Information and instructions on this process will be provided to eligible students by the Financial Aid Office. The Master Promissory Note

must be completed in order for a loan to count towards a student's bill.

Alternative Loans: Information is available from the Financial Aid Office on alternative loans. These loans require a credit-worthy applicant or co-signer. Students are encouraged to apply for these loans at least two months in advance of the semester so that they will be approved and available by the beginning of the semester.

Trinity College Installment Plan: Trinity College of Florida offers a payment plan. The College's payment plan expects students to pay five equal installments of his or her account balance by the end of the semester in which they are currently enrolled. The first payment is due by 4:00 p.m. on the Friday of the first week of classes. The remaining four payments are due on the fifth of each month during the current semester. Missed payments will result in a \$50.00 penalty fee assessed to the student's account enrolled in this service.

Payments may be made using cash, check, money order, or credit card (VISA or MasterCard). Payments can be made in person at the Business Office or online at www.trinitycollege.edu.

Personal Funds

(Cash, Check, Visa, MasterCard)

Approval of a payment arrangement will be contingent upon the status of the various payment types involved (authorization of loans, etc.). **Personal funds used to pay any remaining balance after financial aid are due by 4:00 p.m. on the Friday of the first week of classes.**

Past Due Status

Delays in processing financial aid may occur because of missing information, loan denial, or other circumstances. We encourage all students to begin the financial aid process as soon as possible to avoid these delays. If a student does not address these needs or respond to communications from the Financial Aid Office or Business Office promptly, their account may be considered past due, and the student may be placed on financial suspension. Until the situation is corrected, a student on financial suspension cannot attend classes and receives failing grades on any work missed. Past due accounts are also subject to the following consequences, as determined by the Vice President for Business and Finance:

1. Financial hold on registration for future semesters,
2. Degrees, diplomas, and transcripts will not be issued

to the student, or

3. Dismissal from the College.

Pro Rata Tuition Refund Policy

By registering for classes the student makes a financial commitment to pay all applicable tuition and fees to Trinity College of Florida. The institution relies on student enrollment to determine its budget for an academic year. The College recognizes that occasionally it is necessary for a student to totally withdraw from coursework for a variety of valid reasons. A student who officially withdraws from the College will be entitled to an adjustment on their student account per the schedule listed below.

It is the responsibility of the student to obtain the official withdrawal form from the Registrar's office and to complete that form with all required signatures. An administrative withdrawal fee of \$100.00 will be applied to the student account prior to calculation of the refund.

The following refund schedule applies to all tuition and student fees, except for the withdrawal fee.

Withdrawal during the drop/add period.....	100% Refund
Withdrawal within 20% of the enrollment period.....	75% Refund
Withdrawal within 40% of the enrollment period.....	50% Refund
Withdrawal within 50% of the enrollment period.....	25% Refund
Withdrawal after 50% of the enrollment period	No Refund

Other policy clarifications:

- No financial adjustment will be made for individual course withdrawals after the drop/add period unless the student totally withdraws from the College.
- The drop/add period for the Traditional semester is 7 days from the semester start date.
- The drop/add period for 5 or 8 week module-based courses is 5 days from the course start date.
- Refund payments to students will be paid within 30 days.
- **Withdrawal from the College may affect the student's eligibility for future financial aid.**

Any student account which remains outstanding and has to be forwarded to a collection agency will be assessed with collection costs and fees. Therefore, the student will be responsible for the full balance of their account plus all collection charges and fees.

Return of Title IV Funds

A "Return of Title IV Funds Calculation" will be done for students who receive Federal Financial Aid upon

withdrawal from the College. Federal aid funds are considered “earned” based on the percentage of the semester actually completed. In some cases, federal funds already disbursed to the student as a refund will need to be returned to the College for repayment to the federal aid programs. **A student who remains enrolled and attends class through the 60% point in the term is eligible to retain 100% of the federal grant and loan funds.** The return of state and College funds may follow a similar schedule. (A more detailed explanation is available in the Financial Aid section of the catalog or by contacting the Financial Aid Office.)

Room & Board Refunds

Students who withdraw from the College prior to the first day of class will be charged the daily guest rate. Beginning with the first day of class, students will be charged a prorated semester charge.

Veterans Refund Policy

The refund of the unused portion of tuition, fees, and other charges for veterans or eligible persons who fail to enter a course or withdraw or discontinue prior to completion will be made for all amounts paid which exceed the appropriate prorated portion of the total charges related to the total length of the course. The proration will be determined on the

ratio of the number of days or hours of instruction completed by the student to the total number of instructional days or hours in the course. This policy applies only to veterans to conform to the legal requirements for veterans programs.

Priority of Disbursing Funds

If a student withdraws from the institution or stops attending for a length of time, funds must be returned to any financial aid programs from which they came. **We encourage all students to consult with the Financial Aid Office prior to withdrawal consideration.**

Special Circumstances

Every student is presumed to be familiar with the costs and other matters of the financial policy stated in the catalog. Trinity College reserves the right to make any exceptions to the above policies to ensure the proper handling of individual situations and to comply with State and Federal regulations.

“*Study...*”

Financial Aid

Sue E. Wayne
Financial Aid Director

Trinity College seeks to assist every student in order to further their education and strengthen their relationship with God. In order to do so, Trinity College offers many options to help students fund their education. Financial Aid was first established in the 1600s with a single act of kindness by a widow named Lady Anne Radcliffe Mowlson. Her giving spirit and love for the students of Harvard University opened up the door to a rarely thought of concept: student financial educational support. In 1867, the creation of the Department of Education was authorized, and slowly, schools began to adapt programs to help fund students' education. Financial assistance went nationwide with the Higher Education Act of 1965, which allowed students to take out school loans and qualify for federal and state scholarships and grants.

Even though there are many financial aid options available to students, not all students qualify for all aid. As a result, Financial Aid should only be seen as a means to provide aid to students, not as the sole provider to cover educational expenses. Financial assistance should be viewed only as supplementary to the efforts of the family and is designated primarily for students who, without such aid, would be unable to enroll.

Most degree seeking students are eligible to receive financial assistance. Each student is encouraged to apply for financial assistance through the Financial Aid Office. Students should complete all documents required for receiving financial aid at least four weeks prior to the beginning of current semester in order for an award notification letter to be expedited in a timely manner. It is recommended that students apply early and complete their FAFSA after the first of the year, updating it immediately after they have filed their taxes. Some types of aid are limited and priority is given to students who have filed all documented paperwork by January 1st.

New Federal Ruling: Starting with the 2016 academic year, students will be able to fill out the FAFSA (Free Application for Federal Student Aid) starting October 1, 2016 for the upcoming 2017-2018 academic year using prior- prior year tax return (2015 tax return). The financial aid priority deadline will change to January 1, 2017.

Forms Needed

1. Completion of the Free Application for Federal Student Aid (FAFSA). Go to www.fafsa.ed.gov and complete

and submit. **It is highly recommended that students and/or parents (of a dependent student) use the IRS Data Retrieval Tool to import their tax information into the FAFSA application.** You may need to wait approximately two weeks prior to using the IRS data retrieval tool in order for your information to update to the FAFSA application. You may select WILL FILE and go back in later and update using IRS Data Retrieval Tool. In order to authenticate the FAFSA application, students and their parents must have a verified FSA ID (user name and password). You can register for your FSA ID at <https://studentaid.ed.gov/sa/fafsa/filling-out/fsaid>. **TRINITY'S SCHOOL CODE IS 030282.**

2. Completion of the Financial Aid Application. (See Note)
3. Other forms as needed to determine eligibility by the Financial Aid Office. (Will notify student by e-mail if additional forms are needed.)

NOTE: All forms can be downloaded at www.trinitycollege.edu, select Financial Aid, select Forms, select Appropriate Form. Complete and return to the financial aid office.

SUBMISSION OF THESE FORMS AS WELL AS OTHERS WILL HELP DETERMINE FINANCIAL AID ELIGIBILITY.

PRIORITY DEADLINE FOR SUBMISSION OF FORMS IS
January 1st.

Eligibility for Aid

To be considered for financial assistance under the Title IV programs listed below, a student must:

1. Be a citizen or permanent resident of the United States with a high school diploma or its equivalent,
2. Have been accepted as a regular student by the Admissions Office and be currently enrolled as a regular student in a degree-seeking program at Trinity College,
3. Not be in default on a Perkins or Stafford Student Loan.
4. Not owe a refund on any Title IV financial aid.

To remain eligible for assistance from federal, state, or institution sources, students must maintain satisfactory academic progress as outlined under "Satisfactory Academic Progress." To qualify for any of the programs of financial assistance provided by the U.S. Department of Education, it is necessary for the student to fill out the necessary forms listed under "Forms Needed" in the Financial Aid Office section above. Also there are additional sources of funding, such as VA Benefits or State Rehabilitation and Trinity College's institutional

grants and scholarships.

Students desiring not to receive any financial help, or who do not want all aid awarded to them, may decline any or all aid listed on their Trinity College Award Notification Letter. However, students are still responsible for their educational cost.

Grants and Loans

There are many types of aid for which a student may be eligible based on their FAFSA application. Awarding of grants, scholarships, and loans depend upon a variety of factors, primarily the student's demonstrated financial need. Most common forms of federal assistance include the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (SEOG), Federal Work Study, and Loans. There are state programs such as Florida Student Assistance Grant (FSAG), Florida Bright Futures Scholarship Program and Florida Work Experience Program. There are also Trinity College's Institutional Grants and additional sources of funding such as Veteran's Benefits and State Rehabilitation. Most grants, scholarships and loans are applied for when an eligible student fills out the forms listed under forms needed in the Financial Aid Office Section. A student must also sign and return their Award Notification Letter informing the Financial Aid Office they accept the award. Students have the right to accept, deny, and/or adjust any section of the award notification letter. **However, students are still responsible for their educational costs.**

It is recommended by the Financial Aid Office that a student only accept the amount needed to cover their actual cost and therefore limit the amount of loans they have to pay back. Please compare your statement from the Business Office with your Award Notification Letter to determine your actual need.

Federal Pell Grant

This grant is provided by the U.S. Department of Education and is based on need. ***This is a grant and does not require repayment.*** Those receiving a Pell Grant may be eligible for an early refund in order to purchase books. Students may see the Business Office to see if they qualify. Awards are based on financial need and enrollment status.

To apply for a Pell Grant, it is necessary to complete and submit all the forms listed under Financial Aid Office forms needed.

Pell Grants have a Lifetime Eligibility Used (LEU) of 600%. Once a student has reached 600% they have

reached their maximum lifetime limit. Please see nslds.ed.gov for Pell eligibility used.

Federal Supplemental Educational Opportunity Grant (SEOG)

This program provides limited assistance for students of exceptional financial need, who without the grant would be unable to continue their education. Pell Grant recipients with the lowest “EFC” (Expected Family Contribution) are given priority consideration. Eligibility is determined by completing the FAFSA. The Financial Aid Office administers FSEOG according to Section 676.10 of the Federal Regulations.

Federal Work Study Program (FWS)

This program provides a limited number jobs for students who have great financial need. The College arranges on-campus or off-campus jobs such as tutoring for elementary age students in reading or math programs as well as other community service jobs. These jobs are provided for students who will accept the responsibility of working faithfully at assigned tasks.

A student should make an appointment with the supervisor of the department in which he or she is interested in acquiring a position. Trinity has a very limited number of jobs available on campus. Offices on campus with possible positions are (but not limited to) admissions, business, student services, library, and maintenance. The supervisor hires the student and financial aid establishes eligibility. Financial need must be demonstrated in order to qualify for Federal Work Study.

Loans

Although loans are a common source of financing a college education, students should enter into them carefully. The Financial Aid Office recommends that students discuss each loan option with them prior to initial application. Federal law requires all borrowers to complete a Master Promissory Note and to complete an Entrance Counseling Session prior to receiving the first loan and an Exit Counseling Session prior to leaving the College.

Both the Entrance and Exit Counseling Sessions will provide students with their rights and responsibilities. The Department of Education will notify the school when these are complete. For assistance please contact the Financial Aid Office.

You may complete the Master Promissory Note and Entrance Counseling Session at www.studentloans.gov and the Exit Counseling Session at www.nslds.ed.gov.

You will need your FSA ID to access both sites.

The Department of Education requires students attending Trinity College for the first time and/or first time borrowers to have their loans held for 30 days into the academic year before they are deposited against the student’s account. Loans must also be disbursed in two payments. Therefore, the student will receive one disbursement in the fall and one in the spring or for fall only or spring only the student will receive a disbursement in the beginning of the semester and then the disbursement after the 50% mark.

Subsidized Federal Stafford Loan

This program allows the student to borrow money from the Department of Education to help pay for college. A Subsidized Federal Stafford Loan is one in which the U.S. Government pays the interest on the loan while the student is currently enrolled in at least six credit hours in a college. Interest generally does not begin until six months (grace period) after the student has graduated or is not enrolled in a college or drops below half time or six credits; however, starting with July 1, 2012, interest will accrue during the grace period for loans disbursed on or after July 1, 2012.

You are limited to the amount you can borrow. It is based on your enrollment status (i.e., freshman, sophomore, Junior and Senior) and your yearly and lifetime aggregate loan limits. To check your aggregate loan limits go to www.nslds.ed.gov. You will need your FSA ID to access your information.

Eligibility is determined by completing and submitting all the forms listed under Financial Aid Office forms needed. You will need to complete and submit FAFSA and FAA located under Forms. You must also complete and submit to the Department of Education the Master Promissory Note and Entrance Counseling Session (see above for directions).

UnSubsidized Federal Stafford Loan

An Unsubsidized Stafford Loan is one in which the interest is not paid by the U.S. Department of Education under any circumstances. Eligibility is determined by completing and submitting all the forms listed under Financial Aid Office forms needed. You will need to complete and submit FAFSA and FAA located under Forms. You must also complete and submit to the Department of Education the Master Promissory Note and Entrance Counseling Session. (See instructions for completing under LOANS.)

You are limited to the amount you can borrow. It

is based on your enrollment status (i.e., freshman, sophomore, Junior and Senior) and your yearly and lifetime aggregate loan limits. To check your aggregate loan limits go to www.nsls.ed.gov. You will need your FSA ID to access your information.

Federal Parent Plus Loan for Undergraduate Students

This program enables parents of a dependent undergraduate student (usually 24 year olds and up are considered to be independent) to borrow in order to finance their child's education. Payments will begin within 45-60 days after the loan is fully disbursed. The Parent Plus Loan is limited to parents who do not have an adverse credit history. If the parent is denied a Federal Parent Plus Loan, a dependent student may receive up to \$4,000 in additional unsubsidized loans for the academic year. Parents may apply at www.studentloans.gov and also need to fill out a Parent Plus Loan Request Form under Financial Aid Forms.

Florida Student Assistance Grant (FSAG)

The Florida Student Assistance Grant (FSAG) is a grant that is awarded to full-time, degree-seeking students who are Florida residents. Award amounts vary based on financial need. In order to continue to receive funding, a student must meet all renewal eligibility requirements, which can be accessed at www.floridastudentfinancialaid.org/SSFAD/factsheets/FSAG.htm. Student must provide proof of residency according to Florida statutes for financial aid purposes.

Florida Bright Futures Scholarship Program

This scholarship is awarded in high school to Florida students who meet the specific GPA, SAT/ACT test scores, and other general requirements which can be accessed at www.FloridaStudentFinancialAid.org/SSFAD/bf/acadrequire.htm. High School students apply for this scholarship by submitting a Student Florida Financial Aid Application during the last year in high school (after December 1st and prior to graduation). The application can be accessed at www.FloridaStudentFinancialAid.org, under State Grants, Scholarships & Applications. The application gives the Florida Department of Education (FDOE) permission to evaluate the student's high school transcript and standardized test scores for eligibility for a Bright Futures Scholarship and other state scholarships and grants. In addition, a student must meet all renewal eligibility requirements in order to be considered for future funding. Proof of Florida residency is required.

The Academic Top Scholars Award (ATS), announced by the Florida Department of Education before the end of the fall term after all Term One disbursements are reported, is awarded to the Florida Academic Scholar with the highest qualifying SAT/ACT test score.

All Bright Futures students must file a FAFSA each year to receive disbursement of the Bright Futures award. Trinity College of Florida must have a valid processed application on file in order for Bright Futures to disburse. The FAFSA can be completed at www.fafsa.ed.gov. Trinity's school code is 030282. The process of verification, if selected, is not required for the disbursement of Bright Futures, but may be required for other award programs.

Bright Futures are based on a per credit hour amount established by the General Appropriations Act each year. Institutions are required to recalculate the Bright Futures award when a student withdraws or drops one or more classes after the Drop/Add period ends.

FUNDS FROM OTHER SOURCES

Veterans Benefits or State Rehabilitation

Trinity College is approved by the Florida State Approving Agency for Veterans' education and training. Veterans qualify for educational assistance according to their length of military service. Widows and children of veterans who died or were disabled as a result of a service connected injury or disease may also be eligible for educational benefits. Information may be obtained from the Veterans Administration or from a Veterans Service Officer.

Veterans who wish to receive veterans benefits to cover tuition must submit the Application for Veterans Benefits and follow the instructions given by the Registrar's Office.

Scholarship Awards

A limited amount of financial assistance is also available through the Trinity College Scholarship Fund for traditional students. Supported through gifts of interested donors, this fund provides assistance for worthy students in the form of scholarships. It is administered by the Trinity College Scholarship Committee. Awards are made annually, and are divided over appropriate fall and spring term enrollments. The number of awards and quantity of awards are determined by the Committee and may vary from year to year.

Established scholarship funds include the following:

- Abe Brown Memorial Scholarship
- Academic Excellence Scholarship

Alumni Endowed Scholarship
 Alumni Scholarship in Honor of Gary Williams
 Art Yohner Mission Fund Scholarship
 Bill and Janice Lanpher Endowed Scholarship
 Bragg Mission
 CAAP Academic Proficiency Scholarship
 Charles and Emily Massey Memorial Scholarship
 E. C. Bragg Endowed Memorial Scholarship
 Gordon and Bernadine Ford Memorial Scholarship
 Jan Jendrynski-Rosser Memorial Scholarship
 Jean H. Binnion Education Scholarship
 John Minder Memorial Scholarship
 Joseph Koch Memorial Scholarship
 Lewis W. Smith Memorial Scholarship
 Lillian Seymour Endowed Scholarship
 Melvin and Kathleen Carter Endowed Scholarship
 Mission Scholarship
 O.C. Clark Memorial
 Phillis O'Farrell Memorial Scholarship
 Rockenhaus Memorial Scholarship
 Ruth Munce Memorial Scholarship
 Sammie Burress Hess Memorial Scholarship
 Sid Williams Memorial Scholarship
 Thomas E. and Ann C. Wade Endowed Scholarship
 Vince Shaffer Memorial Scholarship
 W. T. Watson Memorial Scholarship
 Wilma R. Saling Memorial Scholarship

In some categories of institutional aid, students may receive only the highest award for which they are eligible. Institutional awards cannot create a credit on a student's account. In such instances, the award will be the balance remaining on the account prior to the application of student loans. Personal charges are not eligible to be paid by institutional aid. In a case of questionable charges, the Financial Aid Director and the Business Office Manager will make the final decision.

Christian Workers Grant

Dependent Students who are enrolled full-time and whose parents are in full-time pastoral ministry will be eligible for this institutional grant of \$300 each semester. Independent students (not spouses) who are enrolled full-time and who, for one year prior to attending Trinity College received 75% or more of their income from vocational Christian ministry, will be eligible for a grant of \$300 each semester.

Trinity College Grant

The Trinity College Grant is awarded as funds are

available to full-time students, new or continuing, with need as a priority. Past or expected student participation in student leadership is considered. Awards may be \$100-\$1,900 each semester. Trinity College may adjust awards on a case-by-case basis.

Trinity Married Student Grant

The spouse of any full-time student, one who carries 12 hours or more, may audit one course per semester without tuition charge with payment of applicable fees.

Life Change Scholarship

The Life Change Scholarship is awarded as funds are available to full-time or part-time students, new or continuing, need or non-need based. It is at the sole discretion of the institution's administration. Limited funding is available.

Ineligibility for Awards

Any student who is in default on any student loan, or who owes a refund for any previous grant, is ineligible for any federally funded financial aid until it is satisfied.

THE STUDENT AND FINANCIAL AID

Satisfactory Academic Progress (SAP)

According to federal regulations, in order for a student to remain eligible for financial aid, they must maintain Satisfactory Academic Progress. Satisfactory Academic Progress (SAP) is a way to show that students are progressing at a reasonable rate toward achieving their degree.

There are two components of SAP:

1. *Qualitative*: Minimum Cumulative Grade Point Average (CGPA) - maintaining a term and CGPA of 2.0.
2. *Quantitative*: includes both the completion ratio (pace) and the maximum time frame--The completion ratio means maintaining a 67% semester credit hour completion ratio. For example, if the student signed up for 12 credits, they must earn at least 9 credits in order to be in compliance. Nine divided by twelve is 75% (over the minimum 67%). Maximum time frame is completing all required courses and graduating within the 150% maximum time frame. For example, if your degree requires you to complete 120 credit hours, those credits must be completed before the student reaches 180 credit hours. Students cannot receive financial aid for more than 150% of the credit hours required to complete their degree.

Only grades A through D- will be considered as credits completed. SAP will be reviewed at the end of each semester/term.

Financial Aid Warning/Probation/Suspension

Students will be officially evaluated for SAP at the end of each semester. Students will be placed on Financial Aid Warning if they have not maintained Satisfactory Academic Progress as outlined above for a period of one semester.

Students may receive financial aid during the warning period. If the student does not meet Satisfactory Academic Progress by the end of the warning semester, he/she will be placed on Financial Aid Suspension unless an appeal is **submitted and approved**. During the suspension period the student will be ineligible to receive any Federal, State, or Institutional aid.

If the student chooses to appeal suspension, and it is approved, then the student will be placed on Financial Aid Probation and receive an academic plan. Students on probation will remain eligible to receive financial aid as long as they adhere to their academic plan. If the student fails to adhere to their academic plan, they will be placed on Financial Aid Suspension and will be ineligible to receive financial aid until the above SAP requirements are met. (Note: Some Federal, State, and Institutional programs may have more stringent policies than listed above for Satisfactory Academic Progress.) Financial aid can be reinstated upon meeting the Satisfactory Academic Progress in any subsequent semester, regardless of whether or not the student filed an appeal.

Financial Aid Appeals

Students who have a question about their Financial Aid Suspension have the right to appeal to the Financial Aid Director. This appeal must be made in writing within thirty days after the date of the student's suspension notice. The student must submit a Trinity College SAP Appeal Form, including a detailed explanation of how their circumstances kept them from meeting SAP requirements in the past, and what has changed that will enable them to meet SAP guidelines in the future.

If the student had extenuating circumstances, such as: a medical condition or serious illness, a learning disability, the death of an immediate family member, an involuntary call to active military duty, a documented change in conditions of employment, or other extraordinary/emergency circumstances (such as natural disasters), the student must provide legitimate documentation to support their explanation along with an appeal form.

Letters from family and friends are not considered legitimate documentation. Appeals submitted without detailed explanation and necessary documentation will

not be approved. Successfully submitting an appeal does not guarantee approval, however, not successfully submitting an appeal could lead to continued ineligibility for financial aid. You can download a Satisfactory Academic Progress (SAP) appeal form from the college website or request from the Financial Aid Office.

The Federal Refund Policy (R2T4)

A statutory schedule is used to determine the *amount of federal funds* a student has earned when he or she ceases attendance based on the period the student was in attendance. When a student who determined to be a recipient of a Title IV grant or loan program withdraws from an institution during a payment period or period of enrollment in which the student began attendance, the institution must begin the Title IV Refund (R2T4) process to determine the student's eligibility of Title IV funds based in accordance with the calculations prescribed by regulations.

There are several factors used to determine Title IV Refund (R2T4) calculations: official or unofficial withdrawal date, payment period or period of enrollment, amount of aid that was disbursed, amount of aid that could have been disbursed, percent of Title IV earned, post-withdrawal or late disbursement, institutional cost, amount of Title IV aid to be returned (*if applicable*), time limits, and reporting requirements.

Up through the 60% point in each payment period or period of enrollment, a prorata schedule is used to determine how much *federal funds* the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the federal funds. Upon the completion of Title IV Refund (R2T4), a school is required to determine if a post-withdrawal disbursement is necessary for funds earned and not disbursed to students and/or parents. Recent regulations state that all withdrawals must undergo Title IV Refund (R2T4) if federal monies apply. The Federal Refund Policy (R2T4) is very encompassing and this is intended to be an overview of the policies and procedures that govern regulations pertaining to Title IV Refund (R2T4). *For further guidance on Title IV Refund's (R2T4) policies and procedures, please see the reference material found in Volume 5 of the Federal Student Aid Handbook under Withdrawals. You may access a copy in the Financial Aid Office.*

ACCREDITATION AND MEMBERSHIP

Trinity College is incorporated under the laws of the State of Florida as a four-year semester based college authorized by the Florida State Commission for Independent Education to grant the associate and baccalaureate degree.

Trinity College is accredited by the Commission on Accreditation of the Association for Biblical Higher Education (5575 S. Semoran Blvd., Suite 26, Orlando, Florida 32822-1781; telephone number 407-207-0808) to award associate's and bachelor's degrees. ABHE is recognized as an institutional accreditor by the Council on Higher Education Accreditation and the U. S. Department of Education.

In addition, Trinity College is listed by the United States Department of Education in the directory of Accredited Institutions of Higher Learning, is approved for the training of veterans and certain of their dependents, and is authorized under Federal law to enroll non immigrant alien students.

Trinity College holds membership in a number of local and national professional organizations in order to maintain the highest standards, strengthen itself, and keep abreast of current developments in educational trends.

ACADEMIC POLICIES

Definition of Terms

The following are definitions of very common and often used terms in this section. They will provide a context for understanding many of the policies you will read about afterward.

Credit Hour

A credit hour represents an amount of work spent by

students to meet a course's intended learning objectives, verified by evidence of student achievement. The credit hour reasonably approximates one hour (50 minutes) of direct faculty instruction and a minimum of two hours of out-of-class student work for approximately fifteen weeks for one semester, or the equivalent amount of work over a different amount of time. Thus, the College expects that a typical student, who attends all course meetings and who completes all readings, activities,

and assignments related to a course, will spend normally about 45 hours of (clock) time per credit hour awarded.

Non-traditional venues such as online, hybrid, shortened (e.g. summer sessions), compressed format and other non-traditional modes of delivery for a course must require work equivalent to the credit/contact hours and out of class work leading to the achievement of course learning objectives. Most will be greater in hours per credit.

All courses will be reviewed and approved on a periodic bases by the Academic Affairs Committee to ensure that this equivalency is met.

Semester

Our traditional Fall and Spring semester dates encompass a total of 16 weeks, with three additional days for exams. One of the 16 weeks in both semesters is a break for Thanksgiving or Spring Break. These semesters are standard term. The traditional Summer session is 8-9 weeks in length.

Non-traditional venues which consist of online, hybrid, or intensive courses have semesters that are broken down by modules within the semester. The Fall semester contains four modules and the Spring semester contains five modules. A module can either be five or eight weeks in length. This is a nonstandard term.

Registration

Registration deadlines are set each fall and spring for the following semester. Students registering on or before that deadline avoid paying a late registration fee. In addition, four days are scheduled for orientation, registration, and testing of new students in the fall. All freshmen, students being re-admitted after an absence, and transfer students are required to be present for orientation.

Adding/Dropping/Withdrawing (Courses)

Changes in a student's schedule may be made during the first full week of classes without charge or penalty. A Drop/Add Form signed by the student and the student's advisor must be submitted to the Registrar's Office during the first week. Courses may not be added after the first full week of classes. Students may withdraw from a course with a "VWD" until the 10th Friday of the semester. Withdrawals will be effective on the date the student delivers a completed Withdrawal Form to the Registrar's Office during regular business hours.

Some possible consequences of withdrawing from a course are 1) loss of tuition and fees paid for the course, 2) loss of work study hours, 3) loss of on-campus housing, and 4) loss of some veteran's benefits.

Grade Forgiveness

Students will be permitted to repeat a course in which they have received either a F or D grade. Students who desire to repeat a course in which a C- or better was earned must receive approval from the Vice President for Academic Affairs prior to registering for the repeated course. The first grade will be deducted from the attempted and earned cumulative totals but will not be physically removed from the permanent record. For all repeated courses, the last grade only will be computed in cumulative totals and grade point average. Students are responsible for indicating at the time of registration that they are repeating courses. Applied music and independent or directed study courses are exempted from the grade forgiveness policy and may not be repeated. *Students may not repeat courses at another institution and transfer the grade back to Trinity College.*

Grade Appeal Policy

Grades are determined solely on the basis of the academic performance of each student according to pre-established criteria determined by the course instructor, printed in the syllabus and consistent with College policies. Grade determination is the prerogative of the instructor, and students should be aware that the evaluation and grading of academic performance is subject to the professional judgment of each instructor. Considerable personal discretion is required in these judgments - a justifiable margin of difference can exist between the evaluations made by two or more professionals of the same person's academic performance. Students are entitled to compare their work in the course with the criteria applied in deciding the final grade for the course. Accordingly, the course instructor is required to return major papers to students or to make such available for students until the end of the following term. Spring semester materials are to be available until the end of the fall semester.

A student may object to a course grade for one or more of the following reasons: 1) the methods or criteria for evaluating academic performance, made explicit by the instructor at the beginning of the course, usually in a course syllabus or as subsequently modified by the instructor, were not actually applied in determining the grade, 2) the grade was determined or influenced by

criteria other than those explained by the instructor, or 3) the grade was incorrectly computed.

A student may appeal his or her final grade in a course only in the semester immediately following the one in which the grade was received. Appeals will not be considered after that time. The student who appeals a grade bears the full burden of proof that there are sufficient grounds for changing a grade. Only the final grade of a course and its means of determination may be appealed; grades on individual assignments may not be appealed.

A student who is considering a grade appeal must first discuss the grade with the instructor. The instructor is expected to explain the reason for the grade to the student. The instructor may recommend to the Registrar a change in the grade that is questioned. This should be done only in unusual circumstances. A written explanation (from the student) for the grade change should accompany the Change of Grade Form, which must be submitted to the Registrar.

If that attempt fails, the student may continue his or her appeal by submitting a written request for a hearing to the Vice President for Academic Affairs. Since the burden of proof rests upon the student, it is important that the student include a clear and coherent statement (typed) with the reason for the appeal, together with any supporting documents the student may wish to include. Students may request that copies of supporting documents in possession of the faculty member be forwarded to the Vice President for Academic Affairs. All appeals will be thoroughly and fairly reviewed.

Upon receipt of the appeal the Vice President for Academic Affairs will forward all materials to the instructor of the course for a written response within two weeks. A copy of the response will be forwarded to the student. The Vice President of Academic Affairs may request oral clarification from either the instructor or the student at a meeting.

The Academic Affairs Committee consisting of the Vice President for Academic Affairs, Registrar, and two faculty members will hear all unresolved grade appeals. The Vice President for Academic Affairs, as Chair of the Academic Affairs Committee, receives all requests for hearing, sets the calendar, notifies all committee members and involved parties of the dates and times of the hearings, and informs students by written notice of the recommendations of the Committee. The members of the Committee are expected to disqualify themselves should a conflict of interest arise.

The Committee shall evaluate the appeal and vote to approve or deny. Decisions of the Committee arrived at by secret ballot are to be determined by a majority vote. Such action must be taken within two months of the date of filing the appeal.

The Committee is to reach one of the three following decisions:

1. Appeal affirmed and settled by consent: i.e., the Committee devises conciliation mutually acceptable to the student and the instructor who gave the grade. Should the acceptable conciliation involve a change of grade, the instructor will submit a Change of Grade Form.
2. Appeal affirmed and the Committee may submit a Change of Grade Form. In determining the student's final grade, the Committee will take into account all evidence of the student's academic performance in the course under appeal as well as the implications for the student's grade of the instructor's actions in the case in question.
3. Appeal denied; original grade stands.

The decision reached by the Committee is to be communicated by the Vice President for Academic Affairs in writing directly to the instructor and the student. The explanation for the decision will also be communicated.

Decisions by the Committee are final and binding on all parties.

Transfer Students

Students who have been enrolled in other institutions of higher education may apply to Trinity College to be admitted as transfer students. Official transcripts of student records from previous institutions must be sent directly from the institution to the Office of Admissions of Trinity College. It is the responsibility of the applicant to initiate the requests for transcripts. Students from other institutions may apply for the transfer of credits taken prior to their admission to Trinity College, provided the classes are compatible with their declared programs.

Transferability of Credits

Trinity College accepts the transfer of credits as part of its educational policy. The value or transferability of credits to and from Trinity College is determined according to the curricular requirements and at the discretion of the receiving institution. Decisions to accept transfer credits are not based on the source of an institution's

accreditation, provided that agency is recognized as an institutional accreditor by the Council on Higher Education Accreditation. It is the responsibility of each student seeking the transfer of credits to initiate the request and confirm the acceptance of earned credits. Trinity College allows the transfer of credits in order to avoid the duplication of coursework and unnecessary expense where demonstrably comparable work can be shown.

Students from approved institutions of higher education will be given credit for courses which are applicable for the student's course of study at Trinity, provided such courses were completed with a grade of "C" or better. Grades earned in transferred courses are not used in computing the student's Trinity College grade point average. The final 32 credit hours and at least 50% of all major credit hours must be completed in residence at Trinity College.

No credit will be allowed without an official transcript of previous work. In some cases, when a student is transferring from a non-accredited college, provisional credits in Bible, theology, and Bible-related fields may be allowed. These must be validated by the student's demonstration of ability to maintain a "C" or better grade point average in 30 semester hours of coursework at Trinity. Subjects in general education taken at a non-accredited institution may be transferable by examination.

Advanced Credit by Testing

Students at Trinity College may earn up to 30 semester credits toward degree requirements by submitting satisfactory results from the following College-approved testing programs:

- 1) Advanced Placement Examinations** are given by the College Entrance Examination Board. Students take Advanced Placement courses in high school and may take the AP Examination at the end of each course. Students receiving a score of 3 will earn three semester hours of credit in the related subject area. Students receiving a score of 4 or 5 will earn up to six semester hours of credit in the related subject area.
- 2) College Level Examination Placement (CLEP)** is a means by which students may earn college credit by obtaining a minimum score on an examination.

The following chart shows the passing standards required by Trinity College.

CLEP Examination	Score	Trinity Application	Credits
Composition and Literature			
American Literature	50	Literature Elective	3
English Literature	50	Literature Elective	3
College Composition	50	ENC 1101/1102 Fresh. Comp. I & II	6
Social Sciences and History

College Algebra	50	College Math	3
College Mathematics	50	Math Elective	6
Natural Sciences	50	Darwinism & Gen. Elective	6
Precalculus	50	College Math	3

- 3) Defense Activity for Non-Traditional Education Support (DANTES)** is a system of examinations offered by the Educational Testing Service by which students may obtain credit in particular subject areas.
- 4) Educational Experiences in the Armed Services** are recommendations given to veterans that suggest equivalent course credit for experience and training in the armed services.

As with all transfer credit, only that credit which is applicable to degree programs at Trinity College will be accepted.

Placement Testing

The College uses ACT or SAT scores for placement in various courses. The brackets used for placement into particular courses are as follows:

Course Placement	ACT Reading/English Subscores
ENC 1101 Freshman Composition I	17-26
ENC 1102 Freshman Composition II	27-36

Incoming students must take a proficiency exam to

measure their computer skills. Those who do not receive a passing grade must take the non-credit Introduction to Computers course (CMPU 0301). Incoming students also take the Bible Content Test and those who score 115 or above are exempted from Life and Revelation of Christ (BIBL 2301) and Old Testament Law and History (BIBL 1311). Students exempted from courses based on these tests are freed from those particular course requirements and may take the credits as open electives. The total number of credits necessary to graduate from Trinity College is unchanged.

Florida's Statewide Course Numbering System

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida's Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and by participating nonpublic institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions. Students and administrators can use the online SCNS to obtain course descriptions and specific information about course transfer between participating Florida institutions. This information is at the SCNS website at <http://scns.fldoe.org>.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have a meaning in the SCNS. The listing of prefixes and associated courses is referred to as the "SCNS taxonomy." Descriptions of the content of courses are referred to as "statewide course profiles."

Example of Course Identifier

Prefix	Level Code (first digit)	Century Digit (second digit)	Decade Digit (third digit)	Unit Digit (fourth digit)	Lab Code
ENC	1	1	0	1	
English Composition	Lower (Freshman) Level at this institution	Freshman Composition	Freshman Comp. Skills	Freshman Comp. Skills I	No Laboratory component in this course

General Rule for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefixes and same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions, as listed below in *Exceptions to the General Rule for Equivalency*.

For example, a freshman composition skills course is offered by 59 different postsecondary institutions. Each institution uses "ENC_101" to identify its freshman composition skills course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, "ENC" means "English Composition," the century digit "1" represents "Freshman Composition," the decade digit "0" represents "Freshman Composition Skills," and the unit digit "1" represents "Freshman Composition Skills I."

In the sciences and certain other areas, a "C" or "L" after the course number is known as a lab indicator. The "C" represents a combined lecture and laboratory course that meets in the same place at the same time. The "L" represents a laboratory course or the laboratory part of a course that has the same prefix and course number but meets at a different time or place.

Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course is offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at a Florida College System institution is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent. **NOTE:** Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on the semester-term system. For example, 4.0 quarter hours often transfer as 2.67 semester hours.

The Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or subcategory of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.

Authority for Acceptance of Equivalent Courses

Section 1007.24(7), Florida Statutes, states:

Any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses satisfactorily completed by the student at the previous institutions. Credit shall be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions, and participating non public postsecondary educational institutions to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or non public control of the previous institution. The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possess credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students.

Exceptions to the General Rule for Equivalency

Since the initial implementation of the SCNS, specific disciplines or types of courses have been excepted from the guarantee of transfer for equivalent courses. These include courses that must be evaluated individually or courses in which the student must be evaluated for mastery of skill and technique. The following courses are exceptions to the general rule for course equivalencies and may not transfer. Transferability is at the discretion of the receiving institution.

A. Courses not offered by the receiving institution.

- B. For courses at non-regionally accredited institutions, courses offered prior to the established transfer date of the course in question.
- C. Courses in the 900-999 series are not automatically transferable, and must be evaluated individually. These include such courses as Special Topics, Internships, Apprenticeships, Practica, Study Abroad, Theses, and Dissertations.
- D. Applied academics for adult education courses.
- E. Graduate courses.
- F. Internships, apprenticeships, practica, clinical experiences, and study abroad courses with numbers other than those ranging from 900-999.
- G. Applied courses in the performing arts (Art, Dance, Interior Design, Music, and Theatre) and skills courses in Criminal Justice (academy certificate courses) are not guaranteed as transferable. These courses need evidence of achievement (e.g., portfolio, audition, interview, etc.).

Courses at Nonregionally Accredited Institutions

The SCNS makes available on its home page (<http://scns.fldoe.org>) a report entitled “Courses at Nonregionally Accredited Institutions” that contains a comprehensive listing of all non public institution courses in the SCNS inventory, as well as each course’s transfer level and transfer effective date. This report is updated monthly.

Questions about the SCNS and appeals regarding course credit transfer decisions should be directed to Shannon Ranes in the Registrar’s Office or to the Florida Department of Education, Office of Articulation, 1401 Turlington Building, Tallahassee, Florida 32399-0400. Special reports and technical information may be requested by calling the SCNS office at (850) 245-0427 or at <http://scns.fldoe.org>.

Catalog Requirements

A student normally endeavors to fulfill the requirements set forth in the catalog in force at the time of entering the college. However, a lapse in matriculation of one or more semesters will require the student to fulfill the requirements of the catalog in effect upon re-entry to the college. A student extending continuous enrollment more than eleven semesters will be required to fulfill the requirements of the catalog in force during the twelfth semester. If a new catalog comes into effect while a student is matriculated at the College, they may elect to come under the requirements of the new catalog

by completing the appropriate form in the Registrar's Office. *In all instances, students are responsible for knowing their program requirements and completing their program of study.*

Declaration of Major

In order to enter one of the majors offered by the College, students must complete the Declaration/Change of Major Application. Students who wish to change their major must complete this application noting the change. This application may be obtained from the Registrar's Office. Students must complete at least 50% of course work in the major in residence at Trinity College. Students may declare more than one major but should be aware that this may extend their program of study at the College beyond four years.

Transient Students

Students desiring to take special instruction outside the College must request permission from their academic advisor and must be authorized by the Registrar. This permission needs to be granted for each course. A Transient Student Letter may be obtained from the Registrar's Office.

Auditing Classes

Persons not wishing credit may audit a course. No records of attendance or assignments are kept, and no grades are issued to auditors. An audit may not be changed to credit or vice-versa after the first week of class.

Academic Advising

Students will be assigned an advisor in their preferred field when they designate a major. Undecided students will be advised by the Registrar or another faculty member.

Advisors are provided to assist students in planning course schedules each semester and to help in selecting the appropriate courses and electives that will best support the student's educational and vocational goals. In all instances, however, students are responsible for completing their program of study. Advisors cannot be held liable for student failure to meet specified program requirements. The college catalog should be studied carefully so that each student will be fully aware of all academic policies and procedures.

Academic Load

A full-time student is one who takes at least 12 semester hours. Usually, a student takes from 15 to 18 semester

hours to maintain the pace of their academic program. Students with a cumulative grade point average (GPA) of 3.00 may take up to 21 semester hours.

Class Schedule

Trinity is on the semester plan with two semesters of sixteen (16) weeks each in the academic year. Classes meet for 50 minutes per week per credit. Most classes meet twice a week on either Tuesdays and Thursdays or Wednesdays and Fridays. A few classes meet once per week on Mondays or in the evening for at least 2 1/2 hours. Some courses being experiential by nature do not have class periods, but instead learning activities are designed by the instructor to achieve learning outcomes equivalent to traditional classes.

Online courses are scheduled in eight week sessions within the semester dates. *A student who is on academic probation is prohibited from enrolling in online courses.*

Class Cancellation Policy

Each class requires a minimum enrollment of seven students. If registration for a specific class falls below seven students, Trinity College may cancel the class.

Class Attendance

Students are expected to be present in class to assure the effectiveness of the educational process. Students obtain information, insights, and differing perspectives from class sessions. It is also expected that students will contribute to class discussion and content.

Instructors establish attendance requirements for their courses. When permitted by the instructor and stated in the syllabus, students may request that an absence be excused. The instructor will make the decision as to whether or not to excuse the student's absence. If a student exceeds the maximum allowed absences in a course because of extended serious illness or emergency, he or she may appeal to the instructor for special consideration by submitting a written explanation of the absences. The instructor will make the decision as to whether to allow additional absences.

Group Absence Forms for college events such as athletics or touring groups must be secured by the coach or team leader and presented to one's professors in advance of the absence.

If, for some reason, a professor does not show up for class, students must wait fifteen minutes. If the professor still has not come, and the class has not been advised otherwise, class is dismissed.

Residency Requirements

Residency requirements at Trinity College apply to two areas of the curriculum:

1. At least the final 32 hours or final 25% of the degree, whichever is greater, must be completed in residence;
2. A minimum of 50% of courses in a student's major must be completed in residence.

A student is in residence when they take courses at Trinity College, whether or not they live on campus.

Classification of Students

Student academic classifications are determined at the beginning of each semester based on the number of accumulated semester credit hours as follows:

Freshmen:	Up to 27 semester hours
Sophomores:	28 - 59 semester hours
Juniors:	60 - 93 semester hours
Seniors:	94 or more semester hours

Transfer Students are those who transfer to Trinity College from another college.

Full-time Students are those enrolled for 12 or more semester hours.

Part-time Students are those enrolled for less than 12 semester hours.

Probationary Students are those who earned less than a 2.00 GPA for the previous semester and entering freshmen who are so designated by the Vice President for Academic Affairs based on the Registrar's report.

Special Students are those enrolled in selected courses without regard for a prescribed course of study. This may only be done by permission of the Vice President for Academic Affairs.

Audit Students are those who attend classes and pay required fees but who are not required to do assignments, take examinations, or attend classes regularly. No credit is given for classes which are audited. After the first week of class, a student may not convert an audit class to a credit class.

Americans with Disabilities Act

Students with disabilities, both physical and learning, work with the Academic Affairs office regarding necessary accommodations. Trinity College is committed to providing equal educational opportunities for all students and assisting them in making their college experience successful. In compliance with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973, Trinity College provides reasonable accommodations for students with currently

documented disabilities ("Current" is defined as within three years from the time the request for accommodations is received). We request that students notify the Academic Affairs office of any special accommodations needs at least thirty (30) working days prior to the first day of class to help ensure the quality and availability of services needed.

Academic and Final Probation

A student whose GPA is below 2.0 in a semester will be placed on academic probation for the following semester. This is a warning to the student that they need to improve their academic performance. If the student's GPA is below 2.0 for the semester in which they are on academic probation, they will be placed on final probation for the next semester. A student on final probation may take only 12 credit hours of classes and is restricted from participating in any extracurricular activities. Students on probation are assigned a tutor for required weekly meetings.

Academic Suspension

A student whose GPA is below 2.0 for the semester in which they are on final probation will be placed on academic suspension for one semester. Academic suspension may be appealed to the Vice President for Academic Affairs. After one semester of academic suspension, the student may again register for classes. If the student remains out of the college for more than one semester, they must reapply to the college for admission.

Academic Dismissal

A student whose GPA is below 2.0 in the semester in which they have been re-admitted after academic suspension will be dismissed for an indefinite period. The student may not apply for readmission for one calendar year.

A student who fails more than one course or whose semester GPA falls below 1.25 may be placed on academic probation, final probation or suspension at the discretion of the Vice President for Academic Affairs.

A student whose GPA is below 2.0 in the semester in which they have been reinstated from suspension as the result of an appeal will be dismissed for an indefinite period. The student may not apply for readmission for one calendar year.

Plagiarism

In conducting their work, students are always encouraged to consult appropriate references and may even be asked to work with other students on assignments. Students must always be aware, however, that submitting any material prepared by another person, without proper acknowledgment, as part of one's own homework assignment, paper, or exam is considered plagiarism. It is the student's responsibility, when they put their name on a piece of work, to distinguish between what is theirs and what is not, and to credit those who have in any way contributed. If students have any questions or doubts about what plagiarism entails, or about how to acknowledge source materials, they should feel free to consult their professor or the Vice President for Academic Affairs. The full policy on Academic Integrity is in the *Student Handbook* and as part of the announcements in every course syllabus in eCampusWeb.

Penalties for an initial case of plagiarism are at the discretion of the course instructor and may include failure of the course. Penalties for repeated plagiarism in the same course or for plagiarism in multiple courses are at the discretion of the Vice President for Academic Affairs and may include expulsion from the college. Students may appeal a finding of plagiarism by filing a written appeal with the office of the Vice President for Academic Affairs within one week of the original decision. Appeals will be heard by the Academic Affairs Committee, which will render a final decision regarding the case and any discipline.

Grading System

Courses at Trinity are evaluated in one of two ways:

1. By letter grade and grade points:

Letter Grade	Percent	Grade Points Per Hour	Explanation
A	94-100	4.0	Superior, marked initiative
A-	90 - 93	3.7	
B+	87 - 89	3.3	Excellent, above average
B	84 - 86	3.0	
B-	80 - 83	2.7	
C+	77 - 79	2.3	
C	74 - 76	2.0	Fair, satisfactory
C-	70 - 73	1.7	
D+	67 - 69	1.3	
D	64 - 66	1.0	Poor, less than average
D-	60 - 63	0.7	
F	0 - 59	0.0	Failure, unsatisfactory
INC		0	Class work incomplete
VWD		0	Student withdrew

2. By non-letter grade basis with no grade points:

Letter Grade	Grade Points Per Hour	Explanation
CR	0	Satisfactory
AU	0	Audit

Graduation is based not only on the accumulation of credit hours, but also on the student's Grade Point Average (GPA). This is determined by dividing the total grade points earned by the total hours attempted. Failed courses (F) are included in the division and therefore lower the overall GPA. This negative impact on the GPA can be eliminated by the student retaking the course involved and earning a passing grade.

Courses, which are graded as "Satisfactory," or "Unsatisfactory," do not carry any grade points, and thus the hours credited are not included in the division to obtain the GPA. GPA is based only on courses taken at Trinity College.

Incomplete Courses

In case of an emergency situation, such as serious illness or death in the family, a student may request a grade of "INC" (Incomplete) in a course. In order to do this, a student must complete a Request for Grade of Incomplete Form prior to the end of the semester, and it must be approved by the professor and the Vice President for Academic Affairs. All work for courses in which an "INC" is given must be completed no later than four weeks after the end of the semester. After that time, the "INC" will automatically become a grade of "F."

Independent Study

An independent study is designed to provide a student with the opportunity to investigate areas of knowledge not covered in regular course offerings or to explore in greater depth areas of knowledge only touched on in regular courses. Each student should realize that the expectations and requirements will be at the same level as a regular classroom course.

The following guidelines will apply:

1. The student should submit to the Registrar a completed Application for Independent Study along with all requested accompanying materials at least one week prior to registering for the course. This application requires the signature of the professor directing the study, the student's advisor, and the Vice President for Academic Affairs. A student may register for an independent study no later than the Drop/Add Period in a semester.
2. Independent study will be limited to a total of six

semester hours of the student's total college program.

3. A student must have successfully completed a minimum of 66 semester hours and have a 3.0 GPA in order to be eligible to apply for independent study.
4. Independent study will be considered part of a student's normal course load.
5. Independent studies must be completed in residence.
6. Independent studies should contain a minimum of 35 hours of study for each hour of credit requested.

Directed Study

Directed study is a regular course of study taken outside the normal class period with content and requirements very similar to those prescribed for the regular class. This method of study is an irregular way of meeting college course requirements and will be granted only under exceptional circumstances, such as an irresolvable schedule conflict when a student is close to graduation and cannot otherwise meet graduation requirements. Each student should realize that the expectations and requirements will be at the same level as a regular classroom course.

The following guidelines will apply:

1. The student should submit to the Registrar a completed Application for Directed Study along with all requested accompanying materials at least one week prior to registering for the course. This application requires the signature of the professor directing the study, the student's advisor, and the Vice President for Academic Affairs. A student may register for a directed study no later than the Drop/Add Period in a semester.
2. Directed study will be limited to a total of six semester hours of the student's total college program.
3. A student must have successfully completed a minimum of 66 semester hours and have a 3.0 GPA in order to be eligible to apply for directed study.
4. Directed study will be considered part of a student's normal course load.
5. Directed studies must be completed in residence.
6. Directed study is not permitted in a course in which the student previously earned a *D* or *F*.
7. Directed studies should contain a minimum of 35 hours of study for each hour of credit requested.

Internship

Students enrolled in the Bachelor of Arts degree program are required to participate in a two semester internship program in their specialized fields. The internship program is practical field work in a specialized area of ministry and will be supervised by the student's academic advisor. A written report of the field experience will be submitted at the end of the second semester and will be graded by the academic advisor. It will be graded with satisfactory or unsatisfactory.

Trinity Online Courses

Trinity College of Florida offers courses utilizing an online mode of learning. Every course is created based on a traditional class syllabus. All assessments are based on the week's readings and/or lecture topics. The courses are kept up to date by incorporating current topics and online teaching methods. All courses require a weekly forum discussion and may include collaborative projects with other students in the course. The online mode allows students who cannot meet at a scheduled time the opportunity to engage at a time that works best for them. The courses are intended to give the opportunity for both students and instructors to interact.

Students who are working toward an Associate or a Bachelors of Arts degree may take courses online, but the full degree is not yet available. During the Fall and Spring semesters, traditional students can enroll in online courses if they have time conflicts with other classes, work conflicts, or would like to take extra courses. Their summer semester is typically comprised of all online courses. The Bachelors of Science degrees can be completed fully online.

TrinityQuest

Trinity College, through its TrinityQuest program, offers three degree completion majors in modular format in which students meet one day per week for about two years in order to *finish* their college degree. Generally, incoming students are over 24 years of age with previous substantive college experience. The TrinityQuest program offers majors in Business Organizational Leadership, Counseling, and Christian Ministry which lead to the Bachelor of Science degree. Further information about admission requirements and program details may be obtained from the TrinityQuest

Offices or the TrinityQuest Adult Education section of this catalog.

RECORDS

Privacy Rights

Trinity College, in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA) as amended, guarantees any student who is or has been in attendance at Trinity College the right of access to inspect and review educational records subject only to certain specific exceptions. With other limited exceptions, no personally identifiable information from educational records is to be disclosed to any third party by any employee of Trinity College without the written consent of the student.

Each student is guaranteed an opportunity to challenge the accuracy of information contained in any file or record to which the student may have access, including the right to a hearing if so requested. Each student also has the right to file a complaint directly with the U.S. Department of Education whenever the student believes that the rights afforded the student by the college policy or the Family Educational Rights and Privacy Act have been violated.

Copies of the complete college policy statement on student records may be obtained from the Registrar's Office.

Transcripts

The Registrar keeps a transcript of all credits earned by each student. Transcripts are issued upon receipt of a written request signed by the student and a fee of \$5 is charged for each transcript. A fee of \$25 is charged for each transcript needed on an emergency basis, and no transcript will be issued unless all financial obligations owed by the student to the College have been fulfilled.

Records Retention Policy

The transcript (permanent record) is the historical record of the student's academic performance at Trinity College. It contains the term-by-term record of enrollment in courses, grades awarded, and degrees conferred. The transcript, along with a record of Christian service activities and credit, is retained permanently in the student's file.

The student's file also contains supplemental material associated with admission to Trinity College, enrollment, and graduation. Examples include petitions for

exemptions to policies, degree audits, evaluations of transferred work, Declaration of Major Forms, and miscellaneous correspondence. These supplemental materials are retained for five years after the student's last day of attendance and are then destroyed.

ACADEMIC HONORS

Dean's List

After the conclusion of each semester, students who are full-time and have achieved a Grade Point Average of 3.50 and above are placed on the Dean's List. Students will receive a certificate to honor their achievement.

Graduation Honors

At graduation, Trinity College will recognize each student who achieves a high cumulative grade point average. Students who attend at least two sequential years immediately preceding graduation are eligible to be presented with honors at graduation and will be awarded appropriate honor cords and sashes. Students who have earned at least 60 credit hours in residency will be honored according to the following cumulative GPA scale:

- 3.50 to 3.74 Cum Laude/With honors
- 3.75 to 3.89 Magna Cum Laude/With high honors
- 3.90 to 4.00 Summa Cum Laude/With highest honors

Students who have earned less than 60 credit hours in residency will be honored according to the following cumulative GPA scale:

- 3.7 to 3.79 Cum Laude/With honors
- 3.8 to 3.89 Magna Cum Laude/With high honors
- 3.90 to 4.00 Summa Cum Laude/With highest honor

Two students will be selected from each of the graduating classes (Bachelor of Arts and Bachelor of Science) for Valedictorian and Salutatorian. Qualifications are based on highest overall academic performance, exemplary moral and spiritual character, and potential for future ministry.

Retention and Graduation Rates

Trinity College of Florida is engaged in the ongoing collection of retention and graduation rates.

For the past 5 years, the percentage of new freshman still enrolled at the start of the next academic year has been as follows:

- Fall 2014 freshmen who returned in Fall 2015: 36%

Fall 2013 freshmen who returned in Fall 2014: 29%

Fall 2012 freshmen who returned in Fall 2013: 54%

Fall 2011 freshmen who returned in Fall 2012: 45%

Fall 2010 freshmen who returned in Fall 2011: 52%

Graduation rates are calculated by computing the percentage of the entering first-time, full-time students who graduate from the College within six years and are as follows:

Fall 2009 freshmen who graduated by May 2015: 23%

Fall 2008 freshman who graduated by May 2014: 13%

Fall 2007 freshmen who graduated by May 2013: 40%

Fall 2006 freshmen who graduated by May 2012: 58%

Fall 2005 freshmen who graduated by May 2011: 30%

ACADEMIC PROGRAMS

The academic programs of Trinity College are designed to prepare students for effective Christian service to the church and all humanity.

Bachelor of Arts

The Bachelor of Arts is the degree that each four-year graduate of the College receives. Within the B.A., each student selects a major from among Advanced Theological Studies, Business Organizational Leadership (Leadership Concentration or Sports Leadership Concentration), Ministry (Intercultural Studies Concentration, Pastoral Ministry Concentration, Worship Ministry Concentration, or Youth Ministry Concentration), Counseling (Clinical Concentration or Family Systems Concentration), Elementary Education, General Studies, or Psychology. These majors provide thorough Biblical knowledge, advanced theological studies, and professional preparation for various facets of Christian ministry or preparation for further study.

In the following pages, each major or emphasis is presented in a recommended four-year layout. Students are encouraged to follow the recommended sequence as closely as possible. While students are not prohibited from changes in the sequence, following it ensures that students will finish their programs in a timely manner with the fewest conflicts.

Core Curriculum

All students planning to receive the B.A. are required to complete the Core Curriculum and any other requirements that are specified for the major they select. The Core Curriculum is divided into four areas, the first

three being general education and the fourth being Bible and theology, requiring at least 76 hours.

The general education segment of the Core Curriculum provides intellectual preparation in the mastery of basic tools and skills of thought, learning, and academic preparation in acquiring the general knowledge which is the foundation for more specialized studies.

Students successfully completing the General Studies Core Curriculum will demonstrate:

1. College level competence in the general intellectual skills that form the foundation for all learning: reading, writing/composition, rhetoric and logic;
2. A broad academic knowledge of Western culture, integrating themes from its history, science, philosophy, politics, literature, art, and music; and
3. An ability to integrate a Christian world view into their understanding of general studies content.

The Bible and theology segment of the Core Curriculum provides a basic academic knowledge of the Bible's content and doctrines, as well as the skills necessary for its proper interpretation and the ability to apply the Bible to personal life situations and to articulate the Biblical message to others.

A student successfully completing the Bible and theology Core Curriculum will demonstrate:

1. A general knowledge of the content of Scripture,
2. A general knowledge of the content of Systematic Theology, and
3. Knowledge and skills for accurate Biblical interpretation, application to life situations, and communication of the Biblical message to others.

The Core Curriculum for the majority of our majors is made up of the following courses:

HONORS PROGRAM

Purpose

The Honors Program at Trinity College of Florida is a three-year program. It is designed to provide each participant with an opportunity to achieve academic excellence at the highest level in his or her respective field of study as well as to excel in advanced learning by taking courses that will further develop a Biblical world view.

Program Content

Classes: Each program candidate will take five out of the six honor classes during the course of their Sophomore-Senior years at Trinity College of Florida, where one course option can be a one/two-week intensive class taken by here at Trinity College, somewhere in the United States, or abroad taught by Trinity faculty at Oxford University and/or Cambridge University in

England. Trinity Honors Program class options include:

- A. Readings in Christian Thought/Theology 1 (Classical Period)
- B. Readings in Christian Thought/Theology 2 (Modern Day Period)
- C. Darwinism, Intelligent Design, and the Rhetoric of Science
- D. Contemporary Issues in Ethics and Theology
- E. C. S. Lewis - Apostle to the Skeptic
- F. Western Civilization - Great Books

Summer Honors Seminar: During the course of the program, each Honors student will be required to attend and complete the curriculum in one of the summer seminars (one or two weeks long) offered every summer either at Trinity College of Florida, somewhere in the United States, or abroad (Summer 2015 seminar was held in Cambridge/Oxford, England).

Summer Honors Reading: A total of three books will be read each summer in the Honors Program under the umbrella of "Great Books of Western Civilization."

Senior Research Project: Each senior student at Trinity College of Florida is required to complete a senior research project that demonstrates research in his or her chosen field. Participants in the Honors Program will successfully complete their research with additional "honors level" requirements added to their project that will set their project apart in keeping with the high expectations of being in the Honors Program. This honors level project will be a multiple chapter research paper or project (art or music) that must be approved in the spring of their junior year by the Honors Project Committee. A proposal paper of no less than 3 pages outlining the paper/project is required 2 weeks in advance of the interview before the committee.

Benefits of Honors Program: Study abroad; tangible recognition on resume; recognition at commencement; diploma, transcript; reception in late April before graduation; medallion at graduation. Advanced standing and better admission into many Masters programs.

How to Enter Program

Qualifications: The Honors Program will be a three-year program where application for admission into the program will take place during one's freshman year of college.

- A. Minimum score requirement of (29 on ACT)/1290 on SAT) and 3.5 GPA upon graduation from high school OR a GPA of at least 3.6 obtained during the first semester at Trinity College of Florida.
- B. Interview by Honors Program Director or faculty member.
- C. Complete online application through the Trinity College website.
- D. All applicants must take and pass a 1-hour orientation course in the Spring of their freshman year in order to advance to candidacy in the program.

For inquiries or more information on the Honors Program, please contact the Program Director, Dr. Eric J. Bargerhuff at eric.bargerhuff@trinitycollege.edu.

Bible and Theology Major

Program Director: Stuart E. Parsons, Ph.D.

All Trinity College students graduating with a Bachelor of Arts degree will receive a double major consisting of a Bible and Theology major along with their chosen major.

The Bible and Theology major includes at least 36 required credit hours in Bible and theology which are built into every Trinity College of Florida Bachelor of Arts program. The Bible and Theology major is integrated into all Bachelor of Arts programs because the theology and content of the Bible is foundational for a Christian worldview. The Bible and Theology major is inseparable from the College's mission and heritage. This major defines Trinity College of Florida as a Bible college.

Students successfully completing the Bible and Theology program will demonstrate:

1. Knowledge of the content and structure of the Biblical books.
2. Knowledge of Biblical theology.
3. Knowledge of systematic theology.
4. Skill in the interpretation and application of Scripture.

Counseling Major

Clinical Concentration

Program Director: Leslie Rewald, M.S.

The Counseling major provides foundational preparation in counseling theory from both a professional and Biblical perspective along with professional preparation in counseling laboratory and internship experience. The major is designed for those who plan to provide counseling as part of their Christian ministry (e.g., pastors, youth ministers, missionaries, evangelists, etc.) and for those who want to prepare for graduate education in counseling.

The Clinical concentration provides the training necessary to gain admission to seminary/graduate school in counseling for eventual licensure as a counselor/marriage and family therapist and/or work in other professional/clinical settings.

Students successfully completing this program will demonstrate:

1. A basic understanding of counseling theory including personality development, small group dynamics, marriage and family theory, psychopathology, and the grief process,
2. An approach to counseling that is based on both sound theology and counseling theory.
3. A professional level of interview, diagnostic, and treatment planning skills.

Counseling Major

Family Systems Concentration

Program Director: Leslie Rewald, M.S.

The Counseling major provides foundational preparation in counseling theory from both a professional and Biblical perspective along with professional preparation in counseling laboratory and internship experience. The major is designed for those who plan to provide counseling as part of their Christian ministry (e.g., pastors, youth ministers, missionaries, evangelists, etc.) and for those who want to prepare for graduate education in counseling.

The Family Systems concentration provides the training necessary to understand and intervene with family and marital problems in a variety of ministry and community settings. It will form the basis for careers in church and para-church ministries including counseling, youth, and education. It will also help qualify for careers in community settings; foster care case manager, Child Protective Investigator, and behavior coach.

Students successfully completing this program will demonstrate:

1. A basic understanding of counseling theory including personality development, small group dynamics, marriage and family theory, and the grief process, along with the relevant community resources.
2. An approach to counseling that is based on both sound theology and counseling theory, and
3. A professional level of interview, diagnostic, and treatment planning skills.

ELEMENTARY EDUCATION MAJOR

There are three ways in which students may utilize the Elementary Education Major. In addition to completing all Elementary Education courses as required for the Major, students interested in:

1. Public/Charter School Teaching
 - a. Must take and pass the Florida Teacher Certification Exam (FTCE)
 - b. Are required to take two additional mini-internships in their junior year
 - c. Will complete their final internship in either public or charter schools
2. Christian/Private School Teaching
 - a. Must complete Association of Christian Schools International (ACSI) certification process
 - b. Are required to take two additional mini-internships in their junior year
 - c. Will complete their final internship in Christian or private schools
3. Missionary/International School Teaching
 - a. Must complete Association of Christian Schools International (ACSI) certification process
 - b. Are required to go on at least one short term missions trip OR must complete two mini-internships in international, Inner-City, or missions schools within the United States
 - c. Must complete final internships abroad in an approved missions or international school
 - d. In addition to the requirements of the Elementary Education Major, the student will replace three elective courses with the following three intercultural courses:
 1. Cross Cultural Communication
 2. Cultural Anthropology
 3. Contemporary Issues and Trends in Evangelism

All students may take the FTCE or obtain ACSI certification if they so desire.

Notice: Education courses taken at Trinity College may be applied to certification requirements of the Association of Christian Schools International (ACSI) or the State of Florida. For specific information regarding Florida certification, students may contact the Florida Department of Education, Bureau of Educator Certification, Suite 201, Turlington Building, 325 West Gaines Street, Tallahassee, Florida 32399-0400.

Bachelor of Arts

Elementary Education Major

Program Director: Michelle B. Chauncey, M.Ed.

The Elementary Education major is designed for students who sense their teaching gift and desire to express it in either a Christian academic structure as, for example, a teacher in a Christian elementary school or in the public school setting.

Students successfully completing this program will demonstrate:

1. A basic academic knowledge of the history and philosophy of Christian schools and education,
2. Skill in the various techniques, methods, and strategies necessary for being an effective teacher,
3. Competency in structuring learning experiences for content and process in an environment that enhances growth and development of the whole person, and
4. A developed set of goals and role competency that have been demonstrated in supervised practice teaching.

Bachelor of Arts

General Studies Major

Program Director: Krista S. Mallo, M.A.

The General Studies Major is designed for students whose vocational objectives are not yet clear, and who are seeking a well-rounded undergraduate education. It allows students the flexibility to design their own programs and to broaden their academic studies. This major would be appropriate preparation for additional studies at the graduate level or for individuals anticipating attending seminary.

Students successfully completing this program will demonstrate:

1. Advanced skills in written communication,
2. Advanced knowledge of the Western intellectual tradition, and
3. Advanced ability to integrate their Christian faith with the content areas with general studies.

Program: Students select ten courses that were not taken in the General Studies or Bible and Theology core. Students select 30 credits of Open Electives, 18 credits of which must be approved by the Program Advisor. Students will also complete two semester long internships in an area of practical Christian service.

BIBLE

BIBL 1311 Old Testament Law and History

3 Credit Hours

This course surveys the content, structure, events, and theological themes of the Pentateuch and the historical books of the Old Testament (the first 17 books) in light of their ancient Near Eastern setting.

BIBL 1322 Old Testament Poetry and Prophecy

3 Credit Hours

This course surveys the content, structure, events, and theological themes of the Old Testament poetical and prophetic books (the last 22 books) in light of their historical and canonical setting.

BIBL 2301 Life and Revelation of Christ

3 Credit Hours

This course comprehensively studies the life of Christ as seen in the Gospels. An emphasis of the theme of each Gospel is considered as well as a synoptic and chronological view of the life of Jesus, with an interpretation of key events and main discourses.

BIBL 2302 Acts

3 Credit Hours

PREREQUISITE: BIBL 2331 Hermeneutics. This course is an expositional study of the book of Acts with major emphasis on its theological arguments and New Testament evangelism. Special attention is given to the infancy, adolescence, and maturity of the church. A synopsis is given to each of the Pauline epistles in their chronological order.

BIBL 2311 Pentateuch

3 Credit Hours

PREREQUISITE: BIBL 2331 Hermeneutics. This course is a detailed study of the first five books in their historical setting. Special attention is given to authorship, critical problems, the early history of Israel, the Mosaic laws, and to the development of the theocratic rule. Emphasis is placed on the cultural, political, and geographical background of each book.

BIBL 2312 Old Testament Historical Books

3 Credit Hours

PREREQUISITE: BIBL 2331 Hermeneutics. Students will analytically study the Old Testament books from Joshua through Esther, following Israel's political periods of theocracy, judgeship, monarchy, divided kingdom, and the partial restoration. This study also deals with persons who made significant contributions to the nation of Israel during these periods.

BIBL 2321 New Testament History and Letters

3 Credit Hours

This course is a study of Acts, the Pauline Epistles, and the General Epistles. Attention will be given to background, structure, authorship, and doctrinal importance.

BIBL 2331 Hermeneutics

3 Credit Hours

This course is designed to study principles and procedures for interpreting Scriptures as well as for the provision of an inductive approach toward Bible study. It emphasizes the grammatical, historical, and cultural method of interpretation with guidelines which are applicable to any book of the Bible.

BIBL 3301 General Epistles

3 Credit Hours

PREREQUISITE: BIBL 2331 Hermeneutics. This course provides exposition of the non-Pauline epistles with the exception of the book of Hebrews. Special attention is given to a general introduction to each epistle with a major emphasis on a detailed study of the book of James.

BIBL 3302 Prophetical Books (Isaiah/Malachi)

3 Credit Hours

The emphasis in this course will be the hands on application of quantitative and qualitative research design and methods. Students will plan a research project including completing a literature review, writing a research proposal, choosing a research method, carrying out the research, and writing an APA style report on their findings.

PSYC 4081/PSYC 4082 Psychology Internship

0 Credit Hours

PSYC 4104 Psychology Seminar

3 Credit Hours

This course is an intensive investigation of selected advanced topics in psychology. These topics will vary by semester, and the course will require a significant level of student research and participation.

SOP 4004 Social Psychology *

* Indicates this course is included in the Statewide Course Numbering System. See Page 29.

3 Credit Hours

This course studies the social foundations of behavior, how people think, feel and behave within a social context, focusing on theoretical perspectives and scientific research. Topics include affiliation, aggression and altruism, attitude formation, helping behavior, group dynamics, and compliance and conformity.

SOP 4450 Psychology of Religion and Spirituality ***3 Credit Hours**

PREREQUISITE: PSY 1012 General Psychology. This course focuses on religious/spiritual development, the relationship between personality and religion/spirituality and the research on religious questions and spirituality.

SCIENCE**ISC 1502 Darwinism and Intelligent Design *****3 Credit Hours**

This course studies the controversy over Darwinism and intelligent design in three dimensions: science, philosophy and history. We seek to understand why and how scientific skepticism toward Darwinian evolution has intensified. By the time of the 1959 Centennial of the publication of Darwin's "Origin of Species," a consensus had emerged: both the original of life, and the subsequent diversification of life had been produced by strictly mindless and purposeless forces in nature, such as mutation and natural selection. However, after the appearance of Michael Denton's 1985 book "Evolution: A Theory in Crisis," this consensus began to come under heavy criticism. This course surveys all major facets of this debate in the years following Denton's bombshell, including the problem of fossil stasis and the Cambrian Explosion, the role of philosophical naturalism in defining science and the a prior exclusion of non-naturalistic alternatives, the challenge of irreducibly complex machines within cells, the rise of the information-bearing macromolecules--DNA, RNA and proteins. Students will review the contributions of Phillip Johnson, Michael Behe, William Dembski, Jonathan Wells, Stephen Meyer, as well as Darwinist responses from diverse scholars such as Kenneth Miller, Michael Ruse and Stephen Jay Gould. The roles and functions of scientific rhetoric will be highlighted throughout the course, and related issues in physics and cosmology--such as cosmic fine-tuning and the multi-verse hypothesis--will be covered as well.

What difficulties arise when scientists assume that micro-evolution can generate macro-evolution? Why and how can we detect objects or phenomena that were produced by an intelligence? How has scientific rhetoric been transformed by the furor over ID? What are the key trends that will shape the future of this debate? What role do worldview commitments of scientists play? Does 'fine tuning' of the universe lend weight to ID Theory? These and many other questions will be analyzed.

THEOLOGY**THEO 3301 Systematic Theology I: Prolegomena, Bibliology, and Theology Proper****3 Credit Hours**

The field of theology is introduced to the beginning student, and the major divisions of theology are explained in order to prepare students for the theological enterprise. Attention then turns to the doctrines of the Bible and the attributes of God.

THEO 3302 Systematic Theology II: Christology, Pneumatology, and Angelology**3 Credit Hours**

PREREQUISITE: THEO 3301 Systematic Theology I or its equivalent. The study of theology is continued through a detailed examination of the doctrines of Christ (Christology), the Holy Spirit (Pneumatology), and angels (Angelology). Each is examined in terms of its existence, nature, attributes, and special problems.

THEO 3303 C.S. Lewis: Apostle to the Skeptic**3 Credit Hours**

C.S. Lewis is widely regarded as the greatest spokesman for the rationality and truth of Christianity in the twentieth century. His Christian influence on the university-educated population of the west is astonishingly broad, and it continues to grow year by year. Why and how has this happened? And what is his unique contribution to Christian thought, and to theology and apologetics specifically? This course surveys the life, the literary output, and above all the apologetic writing and wisdom of C.S. Lewis, with primary emphasis on *Miracles*, *Mere Christianity*, *Perelandra*, and *The Problem of Pain*. Several selections from *God in the Dock* will be studied as well.

THEO 3304 Readings in Christian Thought/Theology**3 Credit Hours**

This seminar course, based on shared inquiry method, focuses on the timeless writings of Christian thought from the Church Fathers to the present. Selections will be read from Augustine's "City of God," Calvin's "Institutes of the Christian Religion," and C.S. Lewis's "God in the Dock." Students will read from an array of other authors, including John Owen and John Piper.

THEO 3321 Theology of the Gospel and Its Development in Great Britain**3 Credit Hours**

This course, taught in Great Britain, explores the Biblical foundations and the historical development of the understanding of the Gospel in its British context. Special attention is given to the work of Thomas Cranmer, G.K. Chesterton, C.S. Lewis and John Stott in clarifying and defending the Gospel message.

THEO 3322 Contemporary Issues in Theology and Ethics**3 Credit Hours**

This course is designed to examine a host of issues related to contemporary issues in theology and ethics, specifically those issues that have surfaced in contemporary American culture evaluated in light of traditional Judeo Christian values and ethics. Some of the key topics that will be covered include: basic approaches to Christian ethics; current cultural trends and controversies not limited to but including: the prosperity gospel, abortion, gay marriage, bioethics, rap music, war, marriage and divorce, sexual promiscuity, pop culture, misuse of Scripture, religious pluralism, etc.

THEO 3331 New Testament Theology**3 Credit Hours**

The purpose of this course is to survey the key themes of each of the books of the New Testament, including the Synoptic Gospels and Acts, the Pauline literature, Hebrews, the General Letters, and the Johannine literature.

THEO 3332 Theology of Sanctification

* Indicates this course is included in the Statewide Course Numbering System. See Page 29.

3 Credit Hours

In order to make sense of the Christian doctrine of sanctification, diverse Biblical models and theological systems have been developed and taught through the ages. Many of these are mutually harmonious and very complementary to each other. The purpose of this course is to survey these models, evaluate their Biblical theological foundations, and understand how to implement their insights into daily living.

THEO 3421 Knowing Christ in a Skeptical Age

3 Credit Hours

This course reviews the biblical teaching on the person of Christ as Messiah, who is one person with two natures: full deity and full humanity. Also, it traces the development of this understanding in three phases, beginning with the Early Church's development of the orthodox Christology. The Medieval and Renaissance Era saw further refinement and clarification of orthodoxy, then in the Enlightenment and Modern Era, an array of skeptical attacks on the deity of Christ led to a robust defense and new clarity of Christ's nature. Special attention is given to the doctrine of the "Logos," and the role of C.S. Lewis and other 20th Century defenders of classic Christology.

THEO 4301 Contemporary Ethical Issues

3 Credit Hours

PREREQUISITE: THEO 3301 Systematic Theology I or its equivalent. This is a seminar course on current ethical debates, including abortion, euthanasia, racism, homosexuality, war and peace, genetics and cloning, and environmentalism. The course will investigate the theological and philosophical worldviews and assumptions that undergird the various positions in these debates.

THEO 4302 Issues in Science and Theology

3 Credit Hours

PREREQUISITE: ISC 1500 Rhetoric of Science. This course is an advanced seminar course on the contemporary debates and dialogues between theology on the one hand and the natural sciences on the other hand. Topics to be emphasized are Darwinism vs. Intelligent Design; the "Anthropic Principle" and the "fine-tuned universe," the mind/brain puzzle, the environment and Biblical stewardship, and multi-dimensionality issues. *Rhetoric of Science* will have only minimal overlap with this course.

THEO 4311 Apologetics

3 Credit Hours

This course studies the science of Christian Evidences, examining the reasonableness of our faith and the corroboration of findings from science, history, and philosophy. It contrasts the Biblical concept with various alternative positions and considers major problem areas, such as authority, miracles, evil, and evolution. It sets a basis for a Christian apologetic which is theologically and historically sound.

THEO 4312 Advanced Apologetics

3 Credit Hours

A survey of current issues and trends in apologetics, including the work of Phillip Johnson, William Lane Craig, Alvin Plantinga, J. P. Moreland, Ravi Zacharias, James Sire, William Dembski, and Peter Kreeft. Topics to be covered include the extent and nature of

"common ground" with unbelievers; the legacy of St. Augustine and Pascal; the role of scientific apologetics and a critique of naturalism; and currents in historical, cultural, and philosophical apologetics

THEO 4321 Systematic Theology III: Anthropology, Hamartiology, and Soteriology

3 Credit Hours

PREREQUISITE: THEO 3301 Systematic Theology I or its equivalent. The study of theology is continued with an examination of God's created order as seen in human beings (Anthropology). The nature and consequences of sin are also examined (Hamartiology). The focus then shifts to God's redemptive program for humanity in the doctrine of salvation (Soteriology).

THEO 4331 Systematic Theology IV: Ecclesiology, Eschatology, and Contemporary Theology

3 Credit Hours

PREREQUISITE: THEO 3301 Systematic Theology I or its equivalent. The study of God's redemptive plan for humanity is continued through an examination of the doctrines of the church (Ecclesiology) and last things (Eschatology). In addition, various recently developing approaches to theological questions are also examined.

THEO 4342 Foundations of the Broader Christian Theological Tradition (Patristics)

3 Credit Hours

This course examines Christian theology in the period immediately after the writing of the New Testament through the fifth century, and the development of theological consensus by God's people concerning foundational Christian beliefs.

WORSHIP MINISTRY

GMNN 4011 Ministry Internship

0 Credit Hours

WORS 2302 Fundamental Issues in Worship

3 Credit Hours

This course is an introduction to basic definitions and uses of worship terminology and practices in the Scriptures; the historical evolution of worship and its practices in the Roman, Orthodox, and Protestant churches; and a survey of the avenues, modes, and styles of worship in modern Christendom. Specific problematic issues will be evaluated and discussed, especially as they relate to post-modern thought.

WORS 3102 Practical Worship Skills: Styles

1 Credit Hours

This course consists of applied rehearsal in a worship team setting, coupled with special lectures and workshops relating to practical ramifications of worship philosophy, specifically as it pertains to music style and function, prayer, posturing, liturgy, and drama.

WORS 3112 Practical Worship Skills: Sources and Formatting

1 Credit Hour

This course consists of applied rehearsal in a worship team setting, coupled with special lectures and workshops relating to sources of worship music, hymn use, liturgical formatting, copyright information,

This course consists of applied rehearsal in a worship team setting, coupled with special lectures and workshops relating to rehearsal techniques, planning, etiquette, and strategies.

WORS 3301 Music and the Arts in Christian Worship

3 Credit Hours

A survey of the musical, visual, and performing arts in worship will be conducted in a lecture/seminar format. Special attention to communication theories will be given to each of these art-fields as they seek to communicate, articulate, and “make real” the presence of God in the presence of His people. Further attention will be given to worship space and architecture. The course will be supplemented with appropriate Scripture study, outside reading, and projects appropriate to the materials discussed.

WORS 3303 Art and Architecture in Christian Worship

3 Credit Hours

John Ruskin wrote that we want two things from our buildings: we want them to shelter us and we want them to speak to us. The ability to shelter is relatively simple: a decent roof can take care of that. But the ability to speak is far more difficult. This is especially true when we consider the architecture of a church. After all, a church building is tasked (at least partly) with the responsibility of communicating something of the presence of God within his covenant community. This course will review the biblical concept of sacred space and place as well as the history of ecclesiastical art and architecture from the early house churches to the modern mega-church.

WORS 3311 The Church Year

3 Credit Hours

A study of the history, development, activities, and pertinence of the church year will be conducted in a lecture/seminar format. Included will be detailed analyses of each of the major seasons of the sacred calendar, exploration of ontological understandings of time (beginning with Augustine and ending with contemporary understandings of temporality), and appropriate representations of the church calendar in the worship environment. The course will be supplemented with Scripture study, outside reading, and projects appropriate to the materials discussed.

WORS 3312 Sacred Actions and Sacramentality

3 Credit Hours

A study of the Biblical and historical theology and development of the sacred actions of the church (baptism and communion) are examined in lecture/seminar format. Other actions, events, and rites of passage historically considered sacred by the church (i.e., marriage, funerals, healing rites, etc.) will also be examined. The course will be supplemented by appropriate Scripture study, outside reading, and projects appropriate to the materials discussed.

WORS 3322 Images of Christ: The History and Christology of Religious Art and Film

3 Credit Hours

From Giotto to Gibson, from “Superstar” to “South Park,” depictions of Jesus Christ in all forms of media both reflect and shape our modern and post-modern culture--sometimes positively and sometimes horribly. This course reviews the history of religious imagery and the church’s varied interpretations of the Second Commandment. Special emphasis is also placed on the Christological implications of particular works of art and film and the Christian’s responsibility in constructing a theology of imagery.

WORS 4301 Philosophy and Theology of Worship

3 Credit Hours

This course includes studies of the ramifications of ontological and epistemological theories as they pertain to worship, as well as normative Biblical claims as they relate specifically to Christian worship. Study of potential systematized approaches to a theology of worship will result in each student’s written and verbalized conclusions in a final project.

WORS 4311 History of Worship in the Church

3 Credit Hours

A survey of the development of Christian worship theology and practices will be explored and discussed in lecture/seminar format. Segments will include brief studies of the ancient church, the early and late medieval church, the Reformation, post-Reformational church movements, and the post-modern church. The course will be supplemented with appropriate Scripture study, outside reading, and projects appropriate to the materials discussed.

WORS 4331 Practical Worship Skills Practicum

3 Credit Hours

Students will complete a supervised Worship experience in a professional setting. The primary focus is on worship preparation, worship team development, and other worship minister duties outlined in the Practical Worship Skills Practicum Manual.

YOUTH MINISTRY

GMNN 4011 Ministry Internship

0 Credit Hours

YUTH 3301 Youth Ministry Skills

3 Credit Hours

This is a practical course where students learn and integrate essential educational methodologies within an extended youth activities and curriculum development project. The process of nurturing teen leadership will also be incorporated.

YUTH 3302 Communicating to Youth

3 Credit Hours

The purpose of this class is to equip the student with the skills of creative Bible teaching and dynamic speaking to adolescents. Emphasis is given to both the principles and practices of teaching and speaking to youth.

YUTH 4311 Youth Evangelism and Discipleship

3 Credit Hours

This course is a study of the principles, programming, and strategy needed in today’s culture to develop a discipling and evangelizing youth ministry. An emphasis will be placed upon practical application within the church setting.

YUTH 4331 Youth Ministry Skills Practicum

3 Credit Hours

Students will complete a supervised Youth experience in a professional setting. The primary focus is on event preparation, small group development, and other youth minister duties outlined in the Youth Ministry Skills Practicum Manual.

TrinityQuest

*John E. Zuch, D.D.
Associate Dean for
Adult Education*

Welcome...

TrinityQuest's accelerated degree completion program at Trinity College of Florida is designed to allow working adults an opportunity to finally complete a bachelor's degree in about two year's time. Why Trinity College of Florida? In addition to academic achievement and career advancement objectives, Trinity College of Florida provides a vibrant Christian environment with the distinct advantage of a Christian worldview and Biblical values being integrated into coursework and discussions.

More than a million Floridians over the age of 25 have completed a significant amount of college work, but for one reason or another have never finished their degree. TrinityQuest provides a flexible and unique way for non-traditional students to finally come back and finish their degree at an affordable price, while maintaining an already busy lifestyle. A college degree often means increased income, new skills, and a competitive advantage in the workplace. According to the U.S. Census Bureau (2000), college graduates earn about 40% more per year than high school graduates.

Isn't it time you FINISH WHAT YOU STARTED years ago? Isn't it time to invest in your future?

Please contact the TrinityQuest Offices for additional information at trinityquest@trinitycollege.edu or 866.526.8575. You are also welcome to visit Trinity College of Florida online at www.trinitycollege.edu.

*The quality of a university is measured more by the kind of student
it turns out than the kind it takes in.*

General Information

DOCTRINAL STATEMENT

We believe the Scriptures of the Old and New Testament are verbally inspired by God, inerrant in the original writings, and that they are the supreme and final authority in faith and life.

We believe in one God, eternally existing in three persons, Father, Son and Holy Spirit.

We believe that Jesus Christ was conceived by the Holy Spirit and born of the Virgin Mary and is true God and true man.

We believe that man was created in the image of God, but that he sinned and thereby incurred not only physical death, but also spiritual death which is separation from God.

We believe that the Lord Jesus died for our sins according to the Scriptures as a representative and substitutionary sacrifice, and that all who believe in Him are justified on the ground of His shed blood, and adopted into God's family as His beloved children.

We believe in the resurrection of the crucified body of our Lord, in His ascension into heaven, and His present life there for us, as High Priest and Advocate.

We believe in the present ministry of the Holy Spirit by whose indwelling the Christian is enabled to live a godly life and by whom the Church is empowered to carry out the Great Commission.

We believe in "that blessed hope," the personal, pre-millennial and imminent return of our Lord and Savior Jesus Christ.

We believe in the bodily resurrection of the just and the unjust, the everlasting bliss of the saved and the everlasting conscious suffering of the lost.

Trinity College believes and teaches the essential doctrines of the Christian faith that are commonly held to be the historic, Biblical, conservative, and evangelical position. The doctrinal statement above is applied within the academic and spiritual understanding of the interdenominational character of our student body and faculty.

CHRISTIAN CONDUCT

Certain standards and norms have been adopted to create an atmosphere conducive to the best possible educational experience for all students. The College expects each student to maintain personal conduct that is spiritually and morally constructive – honoring to the Lord in all things.

The student should understand that attendance at Trinity College of Florida is a privilege reserved for those individuals who desire to work together in living out the high standards of a Christian college. It is expected that the conduct of each student will give evidence of Christian standards of honesty, morality, and courtesy.

When a student has been accepted, it is implied that he or she has agreed to be diligent in studies and compliant to the student handbook. The administration reserves the right to request any student to withdraw from the program who is considered to be out of harmony with the spirit of the College.

Program Features

INTRODUCING TRINITYQUEST

Trinity College of Florida's accelerated degree completion program is designed to meet the needs of adult students who are at least 24 years of age with previous substantive college experience. Typically, students are employed full-time and are interested in completing their bachelor's degree in evening classes while continuing their employment. Adults seeking a career change, newly empty nesters, non-clergy and clergy church leaders alike are enrolled in Trinity College of Florida's degree completion program.

Open enrollment provides opportunity for individuals to begin classes at different times throughout the year. Students attend classes year-round, one night a week and one class at a time. Classes are designed for the working adult, taught by highly qualified professors who relate well to adult students and make each course an exciting and valuable learning experience.

The TrinityQuest degree completion track offers the Bachelor of Science degree with majors in Business Organizational Leadership, Counseling, and Christian Ministry. Majors are designed to bring a heightened level of professional skills and ministry effectiveness to the work place.

Most applicants can know their acceptance status within three weeks of beginning the application process.

PROGRAM BENEFITS

- Bachelor's degree earned in about two years
- Professional knowledge and skills increased
- Friendly Christian campus environment
- Growth in daily personal walk with God
- Leadership skills strengthened
- Classes one night a week and one class at a time
- Each course (3 credits) is completed in five weeks
- Seminar format and small classes

PROGRAM MODULES

Instructional Modules

Designed to allow students to fit college back into their already busy lives, TrinityQuest schedules 18 modular courses one night a week for the duration of the program as follows:

Customarily organized into small groups, students progress through the accelerated degree completion program together.

Students may earn 54 semester hours of credit in four semesters of traditional length. All students take one modular course at a time (normally five consecutive weeks).

Locations

Trinity campus

Mondays, 6:00 p.m.-10:00 p.m.

Tampa Extension Center

Thursdays, 6:00 p.m.-10:00 p.m.

Options for Earning Additional Credits

Students entering the TrinityQuest program with fewer than 69 credit hours, or who must still meet general education requirements, may earn credits by taking online courses, referred to as *back fill courses*. Students may also earn up to 24 additional credits through TrinityQuest electives and the following methods:

CDC

Credit by Demonstrated Competency (CDC) may be awarded to individuals who have acquired substantive life learning through various sources, including workshops, seminars, self-study, non-credit classes, training programs, and work experiences. The College evaluates and grants appropriate credit where substantive life learning is documented and demonstrated from these sources.

CLEP

College Level Examination Program (CLEP) is a means by which students may earn college credit for select courses by obtaining a minimum score on an exam that is a national standard.

DANTES

Defense Activity for Non-Traditional Education Support (DANTES) provides qualified individuals with military experience appropriate college credit for select military courses.

DISTANCE EDUCATION

The TrinityQuest office for distance education strives to welcome, prepare and support the entrance of new students into the Trinity College of Florida community. New students receive an orientation and appropriate online technical support and library resources.

Online students are provided a Trinity College e-mail address to be used with all correspondence with administration, faculty, staff and students. Students are responsible for obtaining their own internet service providers and use their own computer systems (modern internet browsers such as Firefox or Chrome). Students may earn their entire degree online.

Online Course Access and MyTitus

Trinity College of Florida provides links for current students to access courses and other services through the Trinity College of Florida website. Students use MyTitus for account services and Atheneo (Instructional and technical support is provided through the Knowledge Elements Education Network.) and eCampus Web for the Online Platforms. These support relationships are facilitated by the TrinityQuest office, the Knowledge Elements staff, and the learning management system. Trinity College of Florida online education provides students with the freedom to attend their courses when most convenient to their own schedule. The asynchronous offering is also accompanied by the additional opportunity to voluntarily meet with other students online, at the initiative and scheduling of the course instructor. Long-term course access allows students to review important course information long after completing a course, including documents on the Atheneo system.

The online learning environment fosters long-term relationships through the chat/instant messaging component, forum discussions in each course, and a message center (inbox/outbox) for students and faculty.

Academic Advising and Support Programs

Academic resources are designed to enrich each student's educational experience. The TrinityQuest office provides academic advisors to work closely with students, faculty

and the Academic Dean to provide individual academic advising and assistance related to academic policy. Interested persons may receive help by e-mailing questions to the following e-mail addresses:

Application: <http://trinityquest.edu>

Admissions: trinityquest@trinitycollege.edu

VA Benefits: registrar@trinitycollege.edu

Financial Aid: finaid@trinitycollege.edu

The Director of Library Services is available for reference/research assistance for both students and faculty. The library catalog can be searched online through MyTitus. This is accessible from the Trinity College of Florida website or the library website directly. Electronic resources such as academic databases and e-books are available for all students. These can also be accessed from the Raymond H. Center library website <http://library.trinitycollege.edu>. The library has resources in both print and electronic to meet the needs of 21st century students. In print, the library holds roughly 36,000 volumes and access to over 25 print academic journals. For electronic resources, the library offers multiple databases for academic journals through two of the best known companies EBSCOhost and Proquest. For any resources that the library may not have currently, students can receive access to these books and journals through interlibrary loan. Search OCLC's worldwide library catalog through worldcat.org to find available resources that may help with research. These items can be requested from the Librarian and typically delivered within a week or two. Student learning outcomes are stated in each course syllabus and evaluated at the conclusion of the course. Achievement by each student is documented through the assessments of learning activities that are correlated with the learning outcomes of the course.

ADDITIONAL INFORMATION

Library

The two-story Raymond H. Center M.D. Library was completed in the Fall of 1993. The chapel, computer lab, additional classrooms, Student Learning Center and the library are included in this building. The Raymond H. Center library is also a part of the Tampa Bay Library Consortium, Christian Library Consortium and Independent Colleges and Universities of Florida library group. This extends its resources available to students exponentially.

Computers

Trinity College students have access to designated computers located inside the library and in the upper level computer lab. All computers are equipped with internet access, available to students during posted operational hours on a first come basis.

Equal Opportunity Policy

Trinity College of Florida admits qualified students who are personally committed to Jesus Christ. Students are admitted to the TrinityQuest program without regard to race, color, handicap, sex, age, national or ethnic origin, and are provided all rights, privileges, programs and activities generally accorded or made available to students at the College. Trinity College of Florida does not discriminate in administration of its educational policies, admission policies, scholarship, and other school-administered programs.

Change of Information Notice

Trinity College of Florida reserves the right to make any changes in the programs presented, tuition and fees, and the courses offered in this publication. The provisions of this catalog are subject to change without notice and do not constitute an irrevocable contract between any student and the College.

Substance Abuse Policy

Trinity College of Florida meets all Federal, State, and Local laws. Please refer to the Community Life Policies section of the College Catalog for more specific and detailed information.

TrinityQuest degree seeking student accounts must be paid in full, or students must have enrolled in the Advanced Educational Services payment plan by the end of the drop/add period for the first course in which the student is enrolled. **Important Note:** The College is not a lending institution. The Advanced Educational Service payment plan is available only for students who wish to pay-as-they-go, or for students who have exhausted their eligible financial aid awarded to them, yet have insufficient funds for the semester. Students who decline acceptance of their full student awards, as noted on their "awards letter," are not eligible for the college payment plan. Student accounts must be in good standing to enroll in the next semester. Senior year student accounts must be paid in full prior to being seated for the final class.

Non-degree seeking student accounts must be paid in full prior to the beginning of the first course in which the student is enrolled. Failure to pay the balance in full, or to be enrolled in the Advanced Educational Service payment plan by the deadline, will result in the student being administratively withdrawn from classes and suspended from access to campus facilities and other college services.

Employer reimbursement for tuition and fees will require appropriate documentation from the student BEFORE registering for classes (see Financial Aid for details.)

OTHER FINANCIAL INFORMATION AND POLICIES

Printing/Copying Costs - Trinity Campus

Students are provided with \$25 worth of black/white printing at no cost to the student each semester. There is no rollover from semester to semester. Additional printing can be added to the print system for .10 per black copy on campus as long as the intended use is college related. Color printing can be provided at the Library or from the receptionist.

Independent/Directed Study Fee

A \$110 fee is assessed for an approved Independent/Directed Study, which is in addition to the course tuition.

Credit by Demonstrated Competency (CDC)

The College assesses a \$95 fee for each credit hour accepted by *demonstrated competency*. A faculty member in the field evaluates a student's work to determine acceptable credits.

Pro Rata Tuition Refund Policy

By registering for classes the student makes a financial commitment to pay all applicable tuition and fees to Trinity College of Florida. The institution relies on student enrollment to determine its budget for an academic year. The College recognizes that occasionally it is necessary for a student to totally withdraw from coursework for a variety of valid reasons. A student who officially withdraws from the College will be entitled to an adjustment on their student account per the schedule listed below.

It is the responsibility of the student to obtain the official withdrawal form from the Registrar's office and to complete that form with all required signatures. An administrative withdrawal fee of \$100.00 will be applied to the student account prior to calculation of the refund.

The following refund schedule applies to all tuition and student fees, except for the withdrawal fee (module based semesters):

Any classes that have not yet begun100% Refund
 Withdrawal within 20% of the semester....75% Refund
 Withdrawal within 40% of the semester....50% Refund
 Withdrawal within 50% of the semester....25% Refund
 Withdrawal after 50% of the semester.....No Refund

(If within the Drop Add Period, the course tuition would also be fully refunded. If not, students would be financially responsible for this class.)

For other policy clarifications, see Catalog, Financial Information Section.

Return of Title IV Funds

See Catalog, Financial Information Section.

Application Fee

The Application Fee is not refundable.

Payment Plans

1. **Semester Payment Plan** - Student makes payment for tuition and applicable fees for each semester in advance. Payment may be made by credit card or check (\$20 fee for returned checks).
2. **Installment Payment Plan** - Trinity College of Florida offers the Advanced Educational Services Payment Plan to assist students in paying educational

expenses over equal monthly installments. It is convenient and affordable. A student can choose either direct debit from their bank account, or charge to their credit card for automatic payments. The only cost to participate is a \$20 per semester enrollment fee.

3. **Employer Payment Plan** - In cases where a student's employer has agreed to pay the cost of tuition and fees, the student must provide documentation from the employer at or prior to registration. Documentation would need to be on company letterhead or the appropriate company form. The College will submit a list of expenses directly to the employer. The employer must pay the semester charges prior to the start of the second module of that semester.
4. **Employer Reimbursement Plan** - In cases where a student's employer will reimburse tuition costs only upon successful completion of a course or semester, the student must still make advance payment at registration. Students are encouraged to apply for loans and immediately pay down loans upon receipt of reimbursement from their employer.

FINANCIAL ASSISTANCE

Financial Aid Office

Most degree seeking students are eligible to receive financial assistance. Each student is encouraged to apply for financial assistance through the Financial Aid Office. Students should complete all documents required for receiving financial aid at least four weeks prior to the beginning of current semester in order for an award notification letter to be expedited in a timely manner. It is recommended that students apply early and complete their FAFSA after the first of the year, updating it immediately after they have filed their taxes. Some types of aid are limited and priority is given to students who have filed all documented paperwork by January 1st.

Forms to Be Completed

1. Completion of the Free Application for Federal Student Aid (FAFSA). Go to www.fafsa.ed.gov and complete and submit. **It is highly recommended that students and/or parents (of a dependent student) use the IRS Data Retrieval Tool to import their tax information into the FAFSA application.** You may need to wait approximately two weeks prior to using the IRS data retrieval

tool in order for your information to update to the FAFSA application. You may select WILL FILE and go back in later and update using IRS Data Retrieval Tool. In order to authenticate the FAFSA application, students and their parents must have a verified FSA ID (user name and password). You can register for your FSA ID at <https://studentaid.ed.gov/sa/fafsa/filling-out/fsaid>. TRINITY'S SCHOOL CODE IS 030282.

2. Completion of the Financial Aid Application. (See Note)
3. Other forms as needed to determine eligibility by the Financial Aid Office. (Will notify student by e-mail if additional forms are needed.)

NOTE: All forms can be downloaded at www.trinitycollege.edu, select Financial Aid, select Forms, select Appropriate Form. Complete and return to the financial aid office. **SUBMISSION OF THESE FORMS AS WELL AS OTHERS WILL HELP DETERMINE FINANCIAL AID ELIGIBILITY. PRIORITY DEADLINE FOR SUBMISSION OF FORMS IS January 1st.**

Eligibility for Aid

To be considered for financial assistance under the Title IV programs listed below, a student must:

1. Be a citizen or permanent resident of the United States with a high school diploma or its equivalent,
2. Have been accepted as a regular student by the Admissions Office or be currently enrolled as a regular student in a degree-seeking program at Trinity College,
3. Not be in default on a Perkins or Stafford Student Loan, and
4. Not owe a refund on any Title IV financial aid.

To remain eligible for assistance from federal, state, or institution sources, students must maintain satisfactory academic progress as outlined under "Satisfactory Academic Progress." To qualify for any of the programs of financial assistance provided by the U.S. Department of Education, it is necessary for the student to fill out the necessary forms listed under "Forms Needed" in the Financial Aid Office section above. Also there are additional sources of funding, such as VA Benefits or State Rehabilitation and Trinity College's institutional grants and scholarships.

Students desiring not to receive any financial help, or who do not want all aid awarded to them, may decline any or all aid listed on their Trinity College Award Notification Letter. However, students are still

responsible for their educational cost.

Grants and Loans

There are many types of aid for which a student may be eligible based on their FAFSA application. Awarding of grants, scholarships, and loans depend upon a variety of factors, primarily the student's demonstrated financial need. Most common forms of federal assistance include the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (SEOG), Federal Work Study, and Loans. There are state programs such as Florida Student Assistance Grant (FSAG), Florida Bright Futures Scholarship Program and Florida Work Experience Program. There are also Trinity College's Institutional Grants and additional sources of funding such as Veteran's Benefits and State Rehabilitation. Most grants, scholarships and loans are applied for when an eligible student fills out the forms listed under forms needed in the Financial Aid Office Section. A student must also sign and return their Award Notification Letter informing the Financial Aid Office they accept the award. Students have the right to accept, deny, and/or adjust any section of the award notification letter. **However, students are still responsible for their educational costs.**

It is recommended by the Financial Aid Office that a student only accept the amount needed to cover their actual cost and therefore limit the amount of loans they have to pay back. Please compare your statement from the Business Office with your Award Notification Letter to determine your actual need.

Federal Pell Grant

This grant is provided by the U.S. Department of Education and is based on need. *This is a grant and does not require repayment.* Those receiving a Pell Grant may be eligible for an early refund in order to purchase books. Students may see the Business Office to see if they qualify. Awards are based on financial need and enrollment status.

To apply for a Pell Grant, it is necessary to complete and submit all the forms listed under Financial Aid Office forms needed.

Pell Grants have a Lifetime Eligibility Used (LEU) of 600%. Once a student has reached 600% they have reached their maximum lifetime limit. Please see nslds.ed.gov for Pell eligibility used.

Loans

Although loans are a common source of financing a college education, students should enter into them carefully. The Financial Aid Office recommends that students discuss each loan option with them prior to initial application. Federal law requires all borrowers to complete a Master Promissory Note and to complete an Entrance Counseling Session prior to receiving the first loan and an Exit Counseling Session prior to leaving the College.

Both the Entrance and Exit Counseling Sessions will provide students with their rights and responsibilities. The Department of Education will notify the school when these are complete. For assistance please contact the Financial Aid Office.

You may complete the Master Promissory Note and Entrance Counseling Session at www.studentloans.gov. You will need your FAFSA PIN number to access.

The Department of Education requires students attending Trinity College for the first time and/or first time borrowers to have their loans held for 30 days into the academic year before they are deposited against the student's account. Loans must also be disbursed in two payments. Therefore, the student will receive one disbursement in the fall and one in the spring or for fall only or spring only the student will receive a disbursement in the beginning of the semester and then the disbursement after the 50% mark. Disbursements for students taking module courses in a semester will be dispersed after six credits have been completed.

Subsidized Federal Stafford Loan

This program allows the student to borrow money from the Department of Education to help pay for college. A Subsidized Federal Stafford Loan is one in which the U.S. Government pays the interest on the loan while the student is currently enrolled in at least six credit hours in a college. Interest generally does not begin until six months (grace period) after the student has graduated or is not enrolled in a college or drops below half time or six credits; however, starting with July 1, 2012 interest will accrue during the grace period for loans disbursed on or after July 1, 2012.

Eligibility is determined by completing and submitting all the forms listed under Financial Aid Office forms needed, as well as the Loan Request Form which is also located under Forms. You must also complete and submit to the Department of Education the Master

Promissory Note and Entrance Counseling Session. (See instructions for completing under **Loans**.)

UnSubsidized Federal Stafford Loan

An Unsubsidized Stafford Loan is one in which the interest is not paid by the U.S. Department of Education under any circumstances. Eligibility is determined by completing and submitting all the forms listed under Financial Aid Office forms needed, as well as the Loan Request Form which is also located under Forms. You must also complete and submit to the Department of Education the Master Promissory Note and Entrance Counseling Session. (See instructions for completing under **Loans**.)

You are limited to the amount you can borrow. It is based on your enrollment status (i.e., freshman, sophomore, Junior and Senior) and your yearly and lifetime aggregate loan limits. To check your aggregate loan limits go to www.nslds.ed.gov. You will need your FSA ID to access your information.

Federal Parent Plus Loan for Undergraduate Students

This program enables parents of a dependent undergraduate student (usually 24-year-olds and up are considered to be independent) to borrow in order to finance their child's education. Payments will begin within 45-60 days after the loan is fully disbursed. The Parent Plus Loan is limited to parents who do not have an adverse credit history. If the parent is denied a Federal Parent Plus Loan, a dependent student may receive up to \$4,000 in additional unsubsidized loans for the academic year.

Veterans' Benefit

Trinity College is approved by the Florida State Approving Agency for Veterans' education and training. Veterans qualify for educational assistance according to their length of military service. Widows and children of veterans who died or were disabled as a result of a service connected injury or disease may also be eligible for educational benefits. Information may be obtained from the Veterans Administration or from a Veterans Service Officer.

Veterans who wish to receive veterans' benefits to cover tuition must submit the Application for Veterans Benefits (www.benefits.va.gov). Then submit the Letter of Eligibility, along with a copy of their DD214 to the Registrar's Office.

Satisfactory Academic Progress (SAP)

According to federal regulations, in order for a student to remain eligible for financial aid, they must maintain Satisfactory Academic Progress. Satisfactory Academic Progress (SAP) is a way to show that students are progressing at a reasonable rate toward achieving their degree. There are two components of SAP:

1. *Qualitative*: Minimum Cumulative Grade Point average (CGPA)--Maintaining a term and CGPA of 2.0.
2. *Quantitative*: includes both the completion ratio (pace) and the maximum time frame--The completion ratio means maintaining a 67% semester credit hour completion ratio. For example, if the student signed up for 12 credits, they must earn at least 9 credits in order to be in compliance. Nine divided by twelve is 75% (over the minimum 67%). Maximum time frame is completing all required courses and graduating within the 150% maximum time frame. For example, if your degree requires you to complete 120 credit hours, those credits must be completed before the student reaches 180 credit hours. Students cannot take more than 150% of the credit hours required to complete their degree.

Only grades A through D- will be considered as credits completed. SAP will be reviewed at the end of each semester/term.

Financial Aid Warning/Probation/Suspension

Students will be officially evaluated for SAP at the end of each semester. Students will be placed on Financial Aid Warning if they have not maintained Satisfactory Academic Progress as outlined above for a period of one semester.

Students may receive financial aid during the warning period. If the student does not meet Satisfactory Academic Progress by the end of the warning semester, he/she will be placed on Financial Aid Suspension unless an appeal is **submitted and approved**. During the suspension period the student will be ineligible to receive any Federal, State, or Institutional aid.

If the student chooses to appeal suspension, and it is approved, then the student will be placed on Financial Aid Probation and receive an academic plan. Students on probation will remain eligible to receive financial aid as long as they adhere to their academic plan. If the student fails to adhere to their academic plan, they will be placed on Financial Aid Suspension and will be ineligible to receive financial aid until the above SAP requirements are met. (Note: Some Federal, State, and Institutional

programs may have more stringent policies than listed above for Satisfactory Academic Progress.) Financial aid can be reinstated upon meeting the Satisfactory Academic Progress in any subsequent semester, regardless of whether or not the student filed an appeal.

Financial Aid Appeals

Students who have a question about their Financial Aid Suspension have the right to appeal to the Financial Aid Director. This appeal must be made in writing within thirty days after the date of the student's suspension notice. The student must submit a Trinity College SAP Appeal Form, including a detailed explanation of how their circumstances kept them from meeting SAP requirements in the past, and what has changed that will enable them to meet SAP guidelines in the future.

If the student had extenuating circumstances, such as: a medical condition or serious illness, a learning disability, the death of an immediate family member, an involuntary call to active military duty, a documented change in conditions of employment, or other extraordinary/emergency circumstances (such as natural disasters), the student must provide legitimate documentation to support their explanation along with an appeal form.

Letters from family and friends are not considered legitimate documentation. Appeals submitted without detailed explanation and necessary documentation will not be approved. Successfully submitting an appeal does not guarantee approval, however, not successfully submitting an appeal could lead to continued ineligibility for financial aid. You can download an appeal form from the college website or request from the Financial Aid Office.

The Federal Refund Policy (R2T4)

A statutory schedule is used to determine the *amount of federal funds* a student has earned when he or she ceases attendance based on the period the student was in attendance. When a student determined to be a recipient of a Title IV grant or loan program withdraws from an institution during a payment period or period of enrollment in which the student began attendance, the institution must begin the Title IV Refund (R2T4) process to determine the student's eligibility of Title IV funds based in accordance with the calculations prescribed by regulations.

There are several factors used to determine Title IV Refund (R2T4) calculations: official or unofficial withdrawal date, payment period or period of enrollment, amount of aid that was disbursed, amount of aid that could have been disbursed, percent of Title IV earned,

post-withdrawal or late disbursement, institutional cost, amount of Title IV aid to be returned (*if applicable*), time limits, and reporting requirements.

Up through the 60% point in each payment period or period of enrollment, a pro rata schedule is used to determine how much *federal funds* the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the federal funds. Upon the completion of Title IV Refund (R2T4), a school is required to determine if a post-withdrawal disbursement is necessary for funds earned and not disbursed to students and/or parents. Recent regulations state that all withdrawals must undergo Title IV Refund (R2T4) if federal monies apply.

The Federal Refund Policy (R2T4) is very encompassing and this is intended to be an overview of the policies and procedures that govern regulations pertaining to Title IV Refund (R2T4). *For further guidance on Title IV Refund's (R2T4) policies and procedures, please see the reference material found in Volume 5 of the Federal Student Aid Handbook under Withdrawals. You may access a copy in the Financial Aid Office.*

ADMISSION PROCESS

Most applicants can learn of their acceptance status within 3 weeks of beginning the application process. Begin today! The process is quick and easy, only requiring a prospective student to take immediate action on the first three steps of the admission process:

Step 1: Application

Complete an application online at www.trinitycollege.edu, or request an application from the TrinityQuest Offices (application includes personal references). The application fee is waived if completed online.

Step 2: Free Degree Completion Needs Analysis

Call the TrinityQuest Offices to schedule your FREE Degree Completion Needs Analysis (866.526.8575).

Step 3: Transcript

Request all previously attended colleges to send official transcripts directly to Trinity College of Florida. Responses are normally made within 48 hours of a request. If necessary, the TrinityQuest Offices are able to assist students in locating contact information.

Step 4: Financial Aid

Complete the financial aid applications:

- Free Application for Federal Student Aid (FAFSA)
- TrinityQuest Financial Aid Application (FAA)

ADMISSION REQUIREMENTS

Eligibility for admission into the adult degree completion program is based on the following:

- 24 years of age or older
- 2.0 grade point average (GPA)
- 3 to 5 years of significant work experience
- 24 transferable semester credit hours (recommended minimum)

GRADUATION REQUIREMENTS

To graduate a student must:

- I. Complete 123 semester hours acceptable to the College including the following:
 - A. 54 hours in the TrinityQuest program.
 - B. 36 hours in General Education, which include the following requirements:
 1. Fine Arts and Humanities (3 hours). Includes courses in Literature, Biblical Literature, Philosophy, Music, Art and Drama.
 2. English and Literature (6 hours). Two courses in English Composition are required.
 3. Science or Mathematics (3 hours). Includes courses in Biology, Physics, Chemistry, Geology, Astronomy, Environmental Science, College Algebra, Calculus, etc.
 4. Social and Behavioral Science (3 hours). Includes courses in History, Political Science, Economics, Psychology, Cultural Anthropology, Sociology, or other similar courses.
 5. General Education Electives (21 hours). Includes courses from above categories and, in addition, courses in Speech, Critical Thinking, Ethics, Languages, Computer Science, Physical Education, and College Orientation.
 - C. 33 hours in Open Electives.
- II. Achieve a cumulative GPA of at least 2.0 (on a 4.0 scale) on all TrinityQuest course work.
- III. Satisfy all financial obligations to the College and be in good standing with the College.
- IV. Satisfy Christian Service requirements.
- V. Show continued evidence of a consistent, genuine, Christian testimony.
- VI. Show continued essential agreement with the Doctrinal Statement of the College.
- VII. Be recommended for graduation by the faculty, Vice President for Academic Affairs, and the Board of Trustees.

ACADEMIC POLICIES

Adding/Dropping/Withdrawing

Changes in a student's schedule (Add or Drop) may be made during the first full week of classes without charge or penalty. It is suggested that a course add be done prior to the first day of a course start date. **Caution:** Contact a financial aid representative prior to submitting a Drop/Add Form to inquire and fully understand the implications that a course schedule change might have to your expected financial award projection.

In regards to the online courses, failure to log into a course and complete online activities within the first 4 weekdays from the course start date will result in an administrative drop from that course *and* any remaining online courses of that semester.

Students may voluntarily *withdraw* from a five week course with a "VWD" until the 14th day after the start date, or from an eight week course until the 25th day after the start date. A "VWD" will show on a transcript and affect the SAP (Satisfactory Academic Progress) at the College, but it will not affect a student's GPA. The student will also be responsible for tuition and fees.

It is the student's responsibility to initiate and complete the process to drop or withdraw from a course. The forms can be requested from the Registrar's office or online under the Registrar's Office Forms.

School Withdrawal

A student who officially withdraws from the College will be entitled to an adjustment based on the above procedures. It is the responsibility of the student to obtain the official "School Withdrawal Form" from the Registrar's office, complete the form and return it to the Registrar's office. Contact the Registrar at 727-376-6911 x339.

Class Attendance

The TrinityQuest program is a concentrated accelerated program, requiring full attendance for all campus class sessions. If a situation involving health or work demands cause a rare or unavoidable absence, the following guidelines will apply:

1. Homework assignments for the missed session **MUST** be submitted the following class. In the event the absence occurs the last day of class, the assignment is due within one week.

2. A student will forfeit any grade for class participation, **UNLESS** the instructor provides an optional assignment.
3. If a student exceeds one full absence in a module, the entire module must be repeated.

A student will be considered tardy if he/she arrives more than one-half hour late or leaves earlier than one-half hour before the end of class. Two such instances are equivalent to an absence. In the event that a student accumulates an absence in this manner, the above three guidelines will be in effect.

A student may not incur more than five absences for the entire TrinityQuest program. Additional absences may result in dismissal from the program.

NOTE: If a program schedule conflict is anticipated for a particular module, application must be made for permission to take the course under an Independent/Directed Study.

Student attendance in online courses will be defined as active participation in the course by submitting weekly forum postings, assignments, and responding to classmates and/or the instructor when engaged.

Incomplete Courses

In case of an emergency, such as a serious illness or death in the family, a student may request a grade of "INC" (incomplete) for a course. In order to do this, a student must complete a Request for Grade of Incomplete Form prior to the end of the course, and it must be approved by the professor and Vice President for Academic Affairs. All work for courses in which an "INC" is given must be completed by the date noted by the instructor. After that time, the "INC" will automatically become a grade of "F".

Cancellation of Classes

In the event classes are canceled due to a natural weather condition or a physical problem at the College, and/or other locations where classes are held (loss of power, flooding, etc.), one of the following options may be exercised by the Associate Dean for Adult Education following discussion and consultation with the Vice President for Academic Affairs:

1. A separate make-up class may be scheduled at the convenience of the class and the professor.

2. An online replacement class session may be scheduled.

NOTE: It is necessary for students to keep their contact information (e-mail and phone) current with the TrinityQuest Office.

Academic Probation and Suspension

1. Academic Probation
 - a. A student is placed on academic probation if his/her cumulative GPA drops below 2.0. If the cumulative GPA is not above 2.0 by the end of the next semester, the student may be dismissed from the program.
 - b. A student is placed on academic probation when he/she fails a module. In the event this occurs, the student will be required to make up that module prior to graduation and will remain on academic probation until the module is successfully retaken.
2. Academic Dismissal
 - a. A student may be dismissed from the TrinityQuest program if his/her cumulative GPA falls below 2.0 for two consecutive semesters.
 - b. A student failing more than one module is subject

to dismissal from the TrinityQuest Program.

3. Readmission: A student who has been dismissed for academic reasons may petition the Associate Dean for Adult Education for possible readmission.
4. Academic Grievance Policy: Any student has the right to file a grievance according to the appropriate procedures listed in the Student Handbook. Decisions of the Academic Affairs Committee are final.

CDC

CDC materials must be submitted at least 3 months prior to graduation. The evaluation of the material must be turned into the Registrar by the time all graduating grades are due.

Residency Requirements

Students who are enrolled in the degree completion program are required to take the final 15 credit hours or final 25% of the degree, whichever is greater, in residence. A student is in residence when they take courses at Trinity College, whether or not they live on campus.

Grievance Policy

BIBLE

BIBL 2301 Life and Revelation of Christ

3 Credit Hours

This course comprehensively studies the life of Christ as seen in the Gospels. An emphasis of the theme of each Gospel is considered as well as a synoptic and chronological view of the life of Jesus, with an interpretation of key events and main discourses.

BIBL 2302 Acts

3 Credit Hours

PREREQUISITE: BIBL 2331 Hermeneutics. This course is an expositional study of the book of Acts with major emphasis on its theological arguments and New Testament evangelism. Special attention is given to the infancy, adolescence, and maturity of the church. A synopsis is given to each of the Pauline epistles in their chronological order.

BIBL 2311 Pentateuch

3 Credit Hours

PREREQUISITE: BIBL 2331 Hermeneutics. This course is a detailed study of the first five books in their historical setting. Special attention is given to authorship, critical problems, the early history of Israel, the Mosaic laws, and to the development of the theocratic rule. Emphasis is placed on the cultural, political, and geographical background of each book.

BIBL 2331 Hermeneutics

3 Credit Hours

This course is designed to study principles and procedures for interpreting Scriptures as well as for the provision of an inductive approach toward Bible study. It emphasizes the grammatical, historical, and cultural method of interpretation with guidelines which are applicable to any book of the Bible.

BIBL 3120 History of the Israelite Kingdom

The story of music in Christian worship services in the West begins with the evolution of Gregorian chant from Hebrew and other models, progresses through the development of music for more than one voice part in settings for the early Catholic Mass, and divides into the Reformation stream including Lutheran chorales, other Protestant metrical Psalm settings, and the emergence of loftier settings in the cantatas of J. S. Bach and the oratorios of G. F. Handel. The narrative then continues onto the development of hymns, first without and then with specific tunes, then onto a lighter variety of gospel, revival and Sunday School songs. All the while, religious thinkers and musicians within the church (often the same people) continually examined their practice of music in worship and sought musical reforms and developments which they thought would bring more truth, spiritual edification, beauty and/or appropriate praise to God.

SCIE 1502 Darwinism and Intelligent Design

3 Credit Hours

This course studies the controversy over Darwinism and intelligent design in three dimensions: science, philosophy and history. We seek to understand why and how scientific skepticism toward Darwinian evolution has intensified. By the time of the 1959 Centennial of the publication of Darwin's "Origin of Species," a consensus had emerged: both the original of life, and the subsequent diversification of life had been produced by strictly mindless and purposeless forces in nature, such as mutation and natural selection. However, after the appearance of Michael Denton's 1985 book "Evolution: A Theory in Crisis," this consensus began to come under heavy criticism. This course surveys all major facets of this debate in the years following Denton's bombshell, including the problem of fossil stasis and the Cambrian Explosion, the role of philosophical naturalism in defining science and the a priori exclusion of non-naturalistic alternatives, the challenge of irreducibly complex machines within cells, the rise of the information-bearing macromolecules--DNA, RNA and proteins. Students will review the contributions of Phillip Johnson, Michael Behe, William Dembski, Jonathan Wells, Stephen Meyer, as well as Darwinist responses from diverse scholars such as Kenneth Miller, Michael Ruse and Stephen Jay Gould. The roles and functions of scientific rhetoric will be highlighted throughout the course, and related issues in physics and cosmology--such as cosmic fine-tuning and the multi-verse hypothesis--will be covered as well.

What difficulties arise when scientists assume that micro-evolution can generate macro-evolution? Why and how can we detect objects or phenomena that were produced by an intelligence? How has scientific rhetoric been transformed by the furor over ID? What are the key trends that will shape the future of this debate? What role do worldview commitments of scientists play? Does 'fine tuning' of the universe lend weight to ID Theory? These and many other questions will be analyzed.

SOCIOLOGY

SOCI 2011 United States Social Issues: People, Problems, and Policy

3 Credit Hours

The purpose of this course is to provide an overall framework for understanding and examining pertinent social issues in the urban setting. The course will expand the student's knowledge, skills, and understanding of social issues that impact individuals, families, groups, communities, and organizations. Particular attention will be given to the analysis and evaluation of society can do to further impact these problems. Social issues to be explored include but are not limited to the changing nature of the family, education, health and illness, drug use, sexual behavior, inequality, and the economy.

SOCI 2301 Introduction to Sociology

3 Credit Hours

This course will introduce the student to the fundamental concepts of inter-relationships and group activities. Students will be able to integrate experience from his or her own life and work environments while studying the principles involved in dyadic groups, primary groups, secondary groups, institutions and society.

SOCI 3011 United States Social History of the 20th Century

3 Credit Hours

A study of significant changes in American society during the twentieth century with emphasis on both famous and ordinary people who have made these changes happen. Among important topics are transportation, inventions, the economy, commerce, politics, family life and civil rights.

THEOLOGY

THEO 3303 C.S. Lewis Apostle to the Skeptics

3 Credit Hours

C.S. Lewis is widely regarded as the greatest spokesman for the rationality and truth of Christianity in the twentieth century. His Christian influence on the university-educated population of the west is astonishingly broad, and it continues to grow year by year. Why and how has this happened? And what is his unique contribution to Christian thought, and to theology and apologetics specifically? This course surveys the life, the literary output, and above all the apologetic writing and wisdom of C.S. Lewis, with primary emphasis on Miracles, Mere Christianity, Perelandra, and the Problem of Pain. Several selections from God in the Dock will be studied as well.

THEO 3313 Christian Theology

3 Credit Hours

This course serves as an introduction to the study of Christian Theology. Participants will explore key doctrines such as divine revelation, God, creation, humanity, sin, Jesus Christ, The Holy Spirit, salvation and Christian spirituality, the church, and eschatology.

WORSHIP MINISTRY

WORS 2310 Biblical and Historical Foundations of Worship

3 Credit Hours

The study of God's design for worship as found in the Old Testament and how it relates to Christian worship today.

WORS 3302 Fundamental Issues in Worship

3 Credit Hours

This course is an introduction to basic definitions and uses of worship terminology and practices in the Scriptures, the historical evolution of worship and its practices in the Roma, Orthodox, and Protestant churches, and a survey of the avenues, modes, and styles of worship in modern Christendom. Specific problematic issues will be evaluated and discussed, especially as they relate to post-modern thought.

YOUTH MINISTRY

YUTH 3301 Youth Ministry Skills

3 Credit Hours

This is a practical course where students learn and integrate essential educational methodologies within an extended youth activities and curriculum development project. The process of nurturing teen leadership will also be incorporated.

Community Life Policies

Non-Discrimination Certification

Trinity College of Florida complies with all Federal and State nondiscrimination laws and is an equal opportunity institution. Trinity College reserves the right to maintain student educational and behavioral standards and employment requirements and standards based upon religious considerations consistent with its role and mission.

Anti-Drug Abuse Act Certification

The Drug-Free Schools and Communities Act Amendment of 1989 (Public Law 101-226), signed by President Bush on December 12, 1989, requires all institutions that receive Federal funds to certify that it has adopted and implemented a program to prevent drug and alcohol abuse by students and employees. The Drug-Free Workplace Act of 1988 (Public Law 101-690) requires a Federal Grant Recipient to certify that it provides a drug-free workplace. Because a school applies for and receives its campus-based allocation directly from the Department, the school is considered to be a grantee for the purpose of this Act.

Sexual Harassment

Trinity College of Florida is committed to maintaining high standards of professional ethics in which individuals do not abuse their personal authority in interpersonal relationships. The College personnel and students should not condone actions and/or words which are regarded as sexual harassment. Sexual harassment is defined as repeated and unwelcome sexual advances which interfere with an individual's work or academic environment, coercive behavior which threatens an employment or academic reprisal, promise of rewards contingent upon obtaining sexual favors, spreading false stories about a person's sexual conduct, or false accusations regarding sexual harassment.

Individuals who believe they have been objects of sexual harassment should advise the VP for Academic Affairs.

Substance Abuse Policy

All personnel, full-time and part-time, are subject to Federal, State, and Local laws as well as regulations set forth by Trinity College. Violation of any of these laws and regulations may result in suspension or permanent dismissal. Trinity College of Florida prohibits the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the workplace. Any student or employee found to be taking part in the unlawful possession, use, or distribution of drugs or alcohol can expect severe disciplinary action up to expulsion or termination of employment and referral for prosecution to civil authorities. Other disciplinary action can include loss of privileges, suspension, and completion of a rehabilitation program. Each disciplinary case will be considered by the severity of the incident and the prior disciplinary history of the student or employee. Upon completion of a rehabilitation program, the employee or student's future with the College will be decided by the administration of Trinity College. Each case will be evaluated on an individual basis taking into consideration the severity of the incident, the evaluation of the rehabilitation service, and the prior disciplinary history of the individual. Trinity College of Florida will provide, upon request, a description of the health risks associated with the use of illicit drugs and the abuse of alcohol plus information on drug or alcohol counseling, treatment or rehabilitation, or re-entry programs that are available to employees or students.

Hazing

Trinity College prohibits hazing. "**Hazing**" means any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of Trinity College. Hazing includes, but is not limited to, any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or other forced physical activity which could adversely affect the physical health or safety of the student, and also includes any activity which would subject the student to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or other forced activity which could adversely affect the mental health or dignity of the student. Persons engaging in hazing are subject to the disciplinary process of Trinity College as delineated in the *Student Handbook*.
