

## Entrepreneurship

### PROGRAM DESCRIPTION

The Entrepreneurship Major at Clarks Summit University seeks to assist students who want to study business skills while developing the entrepreneurial mindset as well as creativity, change, and initiative needed to succeed in the business world. During this four-year program, students will learn real-life skills and their experience will culminate in an internship. The entrepreneurship major values vocational and spiritual excellence, believing both to be an expression of worship to God, and teaches its courses within a biblically-based ethical framework to develop both the students' minds and hearts. Graduates will gain skill sets needed to start small business or nonprofit ventures.

### PROGRAM OBJECTIVES

Upon completion of the Entrepreneurship major, the student will:

- Articulate a biblically-informed and holistic view of business, entrepreneurial and leadership theories as well as creativity and principles of change and initiative within organizations.
- Demonstrate professional oral and written communication skills in speaking, listening, writing, and presenting.
- Develop and implement Christian interpersonal skills in the workplace, including the ability to perform well in a team environment.
- Demonstrate practical and professional skill sets for business settings.
- Identify God-given gifts and talents that can make an effective contribution to the Kingdom of Christ in the global marketplace.

**DEGREE:** Bachelor of Science in Business Administration
